

DATE SET FOR STARTING ON BAYSHORE HIGHWAY

Actual construction of the much needed Bayshore highway will begin Thursday morning, September 11, when ground will be broken at South San Francisco for the first unit.

Appreciating the great importance of the event, the highway committee of the Down Town Association of San Francisco has arranged a tentative program for the celebration, which includes an automobile parade from the foot of Market street to South San Francisco, a ground-breaking ceremony at the latter place and a "Bayshore luncheon" in the Colonial room of the Hotel St. Francis, to all of which are cordially invited every governmental and civic body on the peninsula and everyone else who realizes the urgent need of a second main road from San Francisco to San Jose.

The first shovelful of earth will be turned jointly by Mayor James Rolph and Supervisor Ralph McLaren, chairman of the San Francisco supervisors' finance committee, to whose combined efforts was largely due the appropriation of half a million dollars by San Francisco county to defray the cost of building the first link of the new highway. Harvey M. Toy, head of the State Highway Commission, will be chairman of the luncheon.

The parade promises to be an unusual vehicular spectacle, because it will afford every motorist who has traveled the "bottle-neck" an opportunity to manifest his approval of the beginning of the end of the sole peninsular outlet. Headed by the municipal band of San Francisco the long procession of cars will be appropriately decorated.

At the ground breaking and luncheon brief talks appropriate to the occasion will be delivered by speakers who have yet to be selected.

The first link of the Bayshore highway, provided for in the \$500,000 appropriation from San Francisco, will be a seven-mile stretch from South San Francisco to San Mateo. It is the desire of the state highway commission and the peninsula cities that the state shall make provision for extending the Bayshore highway from San Mateo to San Jose. A campaign in which the civic organizations of the bay and peninsula communities are co-operating is now being conducted to impress the importance of that plan upon the governor's committee of nine which is mapping a highway building policy to be recommended to the legislature.

6-MONTH TERM FOR SOUTH SAN FRANCISCO MEN

Pleading guilty before City Recorder Cunningham of South San Francisco after their arrest on a charge of petty larceny, the outgrowth of the theft of \$29 from a store in South San Francisco, Julio Villa, 25, and J. Baldero, 18, laborers, were on Tuesday afternoon sentenced to six months each in the county jail.

The two men arrived in Redwood City yesterday to start serving time. They were taken into custody in South San Francisco by Constable Louis Belloni, who charged that the two entered a store and grabbed a sack of money when the proprietor of the place was in the rear of the building.

WIFE TAKES UP HUSBAND ON DIVORCE ACTION

When William H. Uhler of Daly City told his wife that she "ought to get a divorce and get it quick," she took him at his word. Suit was filed against Uhler Wednesday morning by Mrs. Florence L. Uhler in the superior court.

Mrs. Uhler charges that her husband "flirts with other women" and that on numerous occasions he has stayed out all night without giving any explanation as to his whereabouts. She seeks custody of their only child, 15 months old.

The Uhlers were married in Daly City on July 1, 1922.

GRADE SCHOOL ENROLLMENT IS 734 CHILDREN

Grand Avenue Institution
Draws 639; 95 at
Martin Primary

Approximately 100 new children entered South San Francisco primary schools when they opened on Tuesday morning, according to A. C. Kleemeyer, principal, thereby shattering all previous records for the enrollment of children not previously registered.

The above figure includes 80 children who entered grades from the first to the sixth in the Martin school and the Grand Avenue school. In addition 20 children entered the kindergarten.

The total registration in all six grades was 734 for both the Grand Avenue and the Martin schools. In the Martin school the registration was 95 while 639 are going to the Grand Avenue institution.

The total of students entering the first grade was 78 with 21 new children in the kindergarten. In addition there were 16 children left from the enrollment in the kindergarten last year.

Several of the rooms in the Grand Avenue school have 50 pupils in a room, according to Kleemeyer, and with the Christmas registration to look forward to it is expected that the school will be crowded before the year is completed.

CHILD KILLED IN COLLISION

At the same spot at Leipsic crossing where Police Officer Al Cuturi met his death while investigating an automobile accident about a month ago, an infant child, the son of Mr. and Mrs. Dan P. Connelly, San Francisco fireman, residing at 1101 Castro street, met instant death Tuesday night in a head-on collision between two automobiles.

Five others were injured in the accident, among them being Connelly and his wife, Mrs. Sadie Connelly, who was carrying her child when it was killed.

George Anatalas of 285 Clara street, San Francisco, driver of the other car, told officers he momentarily "lost his eyesight," as the result that his car zig-zagged along the highway and into the Connelly car.

MARKET STREET TERMINAL AGAIN ASKED FROM S. P.

BURLINGAME, Sept. 4.—A resolution committing the Burlingame Chamber of Commerce to the policy of urging the Southern Pacific Railroad Company to electrify its system down the peninsula and to establish a Market street terminal for the convenience of peninsula travelers was adopted at a meeting last Thursday at which San Francisco and Peninsula representatives were speakers.

C. A. Pestolesi of the San Francisco One Hundred Per Cent Club, declared that the Southern Pacific is discriminating against San Francisco and the peninsula by development of the Alameda electric system.

Supervisor Ralph McLaren of San Francisco said the day is coming when there will be no more need for a railroad down the peninsula. "What the peninsula needs is more highways, not a depot," he said, and urged that the legislature incorporate the Bayshore highway in the state system as a "starter." He advocated building both the Coyote Point and Dumbarton bridges for vehicular traffic across the bay.

Supervisor Thomas L. Hickey of South San Francisco spoke in behalf of the proposed Market street terminal.

OPEN NEW MARIN COUNTY HIGHWAY

Another section of Marin county's new system of highways, being rapidly improved in a number of sections, will be opened September 7 from Manzanita to Steep Ravine, on the Stinson Beach, Bolinas short route, the touring bureau of the California State Automobile Association announces.

TRUSTEES TO CONSIDER NEW ORDINANCES IN SPECIAL CONFERENCE

Wages of City Laborers Raised to
\$4.50; Jail Windows to
Be Screened

Tonight at 7 o'clock the city trustees will meet to consider several ordinances which have been prepared by City Attorney John Davis. The decision to hold a special meeting to consider ordinances governing traffic, billboards and electrical and building inspection in the industrial zone was made at the regular meeting on Tuesday evening.

Fire Chief Truax reported that complaints had been received by him from residents in Peck's Lots about the condition of the streets in that district. It was developed that the street sweeper had not cleaned the streets there for some weeks past. City Attorney Davis suggested a contract be let for the work, which at present is being carried on under an old arrangement governed by salary only.

Mayor McNellis called attention to the condition of the windows of the city jail on the lower floor of the city hall. He pointed out that it was possible for them to be opened from the inside so that a person on the outside could slip in weapons or instruments to prisoners.

City Marshal Belloni reported that holes had been made in Railroad avenue for the repair of storm sewers and that they had not been filled in properly. He was given power by the board to see that the paving is replaced at an early date.

McCauley likewise moved to have the pay of city laborers raised from \$4 to \$4.50, pointing out that men who worked in the sewer lines and did other disagreeable tasks were underpaid. The board voted to raise the pay of city workmen from \$4 to \$4.50.

All the city trustees were present.

OFFICIALS TO AID MERCHANTS' ASS'N

City Marshal Louis Belloni and City Attorney John F. Davis will attend the next meeting of the Merchants' Association to work out with that body ways and means of stopping unlicensed peddlers from operating in this city. The officials were directed to attend the meeting by the board of trustees in session Thursday night, following reading of a communication from the Merchants' Association, requesting the deputization without pay of a merchant to stop unlicensed peddlers when they are encountered.

Other communications included a request by the Avalon Club for a permit to stage Sunday matinee dances in Fraternal Hall. Members of that organization pointed out that many newcomers in the city had complained there was nothing to do in South San Francisco on Sunday afternoons and suggested that dances might serve to keep some of the younger folks in this city. The board voted to grant the organization a trial period of one month.

An application from the Virden packing plant employees for a dance on Saturday, September 27, was granted.

The application of Mrs. Gertrude Molinas, to establish a second supply and notions store at 659 Baden avenue, in the residential district, was held over until the next meeting.

PROTEST ON SEWER CONTRACT SETTLED

What is regarded as final disposition of the protest of Frederickson & Shannon, sewer contractors of Sacramento, against the granting of the contract for sewer work in the northeastern portion of the board of trustees, was completed in the meeting of the trustees of Tuesday evening.

A letter was read by City Clerk McSweeney from Watson, written for him, stating that upon advice of legal counsel it had been decided to withdraw the protest because of the small amount of the contract involved. The letter also requested return of the bid and the bond which had been posted.

A telegram was received shortly thereafter requesting cancellation of the letter, but the bond and bid had already been returned.

RECORDER'S COURT FINES ARE \$610

Among the reports of city officials filed with the city trustees in session Tuesday evening was that of City Marshal Louis Belloni, showing that during August the arrested Motor Vehicle violators, 30; disturbing the peace, 15; battery, 2; drunks, 4; disorderly house, 2. City Recorder Cunningham's report showed that the motor vehicle violators had paid \$340 into the city's coffers and that those who disturbed the peace were fined \$270, making a total of \$610.

NEW SECTION OF SONOMA COUNTY ROAD COMPLETE

The opening of a newly completed section of highway in Sonoma county, from Sonoma to Fetter's Springs, is announced by the touring bureau of the California State Automobile Association. The only detour now necessary in traveling to Santa Rosa is the four miles around the section from Fetter's Springs to Warfield, reported in fair condition.

THIEVES GIVEN SIX MONTHS IN COUNTY JAIL

Quick Action by City Marshal Belloni Results
in Capture

Quick action by City Marshal Belloni landed two new six months boarders for Sheriff McGovern's county jail at Redwood City and saved \$29.26 for Ernest Galli of the California Pool Hall last Saturday evening.

Jesse Balders and Julio Villa, two Mexican citizens, walked in to the California Pool Hall about 6 o'clock, and finding the proprietor absent from behind his counter walked around and lifted his money sack, containing \$29.26. Then they walked out. A third Mexican, standing in the rear of the place, saw the crime and notified Galli, who in turn called in Marshal Belloni.

Belloni found the men at the intersection of San Bruno and Linden avenues. They were hurried out of the city and had already divided their spoils.

They were tried and found guilty before Judge Cunningham Tuesday morning and given six months each in the county jail.

MANUFACTURER LOSES CHILD FROM POISON

Four victims of the same poisoning that claimed the life of 4-year-old Kenneth Hosen last Saturday night were reported as having recovered this week. They included Charles Hoehn, president of the Manufacturers' Association and head of the Enterprise Foundry here, who was father of Kenneth; Mrs. Hoehn, the mother; and Charles Jr. and Florida, older brother and sister.

Only through the prompt diagnosis of the malady as arsenate of lead poisoning, resulting from eating fruit that had been heavily sprayed, by Dr. A. C. Bothe, family physician, was the entire family saved from death. It was stated at St. Joseph's Hospital, where the stricken members were taken.

Hoehn and his wife returned to place of business, the Enterprise Foundry, 2902 Nineteenth street, of which he is president, Friday morning, and shortly afterward his wife showed symptoms of the poisoning. That night the children were stricken severely and were removed to the Rose Sanatorium.

Hoehn and his wife returned to their summer home at Lansdale, four miles west of San Rafael, last Wednesday, a week ago yesterday, from an automobile tour through the states of Washington and Oregon. They brought a large variety of fresh fruits, including plums, pears, apples and watermelons in the car, and all, particularly the children and the father, ate heartily. It was the spray on the fruit which poisoned them, according to the attending physician.

CHAS. VANDENBOS CALLED BY DEATH

Charles A. Vandebos, who was well known in this city, passed away at his home in San Mateo on Friday, following an illness of a few days.

He was the son of Henry Vandebos, who managed the Linden Hotel in this city for 20 years. The death was due to pneumonia, which followed an attack of influenza.

Mr. Vandebos was 48 years of age at the time of his death. He had been associated with the Coffin-Reddington firm of druggists in San Francisco for several years past.

He is survived by his wife, Phoebe Vandebos, a son, Alfred, and a daughter, Helen, and his father, Henry Vandebos.

Funeral services were held from San Mateo Masonic Temple on Sunday afternoon. Interment was made in St. John's Cemetery.

LEFT TURN RULE IN S. F. CUTS MISHAPS

The prohibition of left turns into and off Market street has practically eliminated motor accidents on San Francisco's main business thoroughfares, police authorities have reported to the public safety department of the California State Automobile Association. Where there were formerly an average of three accidents a day to pedestrians and motor cars resulting in injury to victims, the average is now closer to one a week. Only four people were injured from August 1 to 23, police records show. The new regulation has at the same time materially speeded up both vehicular and street car traffic.

Local Legion Urges Defense Day Program

A resolution urging the observance of National Defense Day was prepared by a committee of Bernard McCaffrey Post, No. 85, following the regular weekly meeting last Thursday evening, and has been sent to the various patriotic, civil, religious and fraternal orders in this district.

Copies were sent to the industrial plants in the industrial zone, to the Manufacturer's Association, the Woman's Club, Chamber of Commerce and the Merchants' Association.

The resolution follows:

RESOLUTION

The President of the United States has decreed that Friday, September 12th, shall be observed as National Defense Day.

Because of the proximity of South San Francisco to San Francisco it is almost impossible to observe National Defense Day here.

Therefore, Bernard McCaffrey Post, No. 85, urges that all patriotic, civil, religious and fraternal orders should be united in this move which is described as follows: (1) Taking part in an assembly in the nearest place where such assembly may be held for the purpose of reckoning all available resources; (2) a renewed pledge of loyalty to the government by all men, women and children.

Bernard McCaffrey Post further recommends in accordance with "General Orders" from Legion national headquarters, that the various industrial and patriotic associations render all available facilities to those employees who desire to observe National Defense Day in some neighboring city.

(Signed) A. J. WELTE, Commander.

W. J. HYLAND, Adjutant.

SAN MATEO CO. FAIR EXHIBIT IS ATTRACTIVE

SACRAMENTO, Sept. 4.—San Mateo county is noted for lots of things. Not long ago an international commission is quoted as declaring that San Mateo was one of the three finest places in the whole world for human habitation. Everyone in San Mateo agrees with the commission and in proof of the wonderful advantages offered by this county, Daveport R. Phelps, manager of the South San Francisco Chamber of Commerce, has arranged and designed the San Mateo booth at the state fair.

San Mateo's claims to the rank of a second garden of Eden are amply supported by the varied display of cut flowers, bulbs and fruit show in the booth.

Thousands of acres of San Mateo are devoted to the hot-houses and an estimate of the number of square feet of glass covering these propagation houses would tax credulity.

Fully 90 per cent of the commercial artichoke crop, marketed both fresh and canned, is produced in San Mateo county.

The choicest broccolis and new cabbage, guaranteed to contain all life-sustaining vitamins, and a most remunerative commercial product, are grown at the city of Colma, in San Mateo.

The scenic wonders and national playgrounds of the county are shown as a tinted background portraying an idyllic woodland glade.

The ensemble presented by the San Mateo booth makes for a high degree of artistic skill and the exhibit is one of the centers of attraction among the many in Horticultural Hall.

MEXICANS FINED ON BOOZE CHARGE

Paul Perez and Gerardo Quiruti, two Mexican citizens and residents of this place, were fined \$100 each by City Recorder Cunningham on Tuesday morning when they pleaded guilty to possession of intoxicating liquor.

They were arrested by Officer Walter Miller on Saturday evening as they were hurrying along the streets in the residential district, armed with three bottles of moonshine liquor and apparently bent on a selling expedition.

They pleaded guilty, but refused to divulge the source of supply.

AUTOMOBILES CRASH

A Ford suffered the greater amount of damage in a head-on collision with an Oldsmobile, that occurred on San Bruno road, in front of the Service Garage, on Wednesday morning. The Olds was owned by Warren Tufts of 3945 25th avenue. The name of the Ford owner could not be secured.

LOCAL RESIDENTS HAVE NARROW ESCAPE

One Injured When Auto
Overtakes on Grand
Avenue

Five persons narrowly escaped serious injury last Thursday evening when the automobile in which they were traveling out Grand avenue skidded in soft earth, ran into a street car and was knocked back to a bank at the roadside, where it was saved from overturning by a telegraph pole.

The car, a new Rickenbacker sedan, was driven by J. W. Cole and with him were Mrs. W. H. Coffinberry and daughter Nell. Mrs. Elizabeth Coffinberry, Sr., and Mrs. Caroline Coffinberry, and the party was bound for San Francisco to visit W. H. Coffinberry who is ill at the University Hospital.

Mrs. Elizabeth Coffinberry, Sr., was the only person injured. She suffered a wrenched knee.

SAN MATEO COUNTY TAX RATE IS REDUCED

Board of Supervisors Sets
Figure at \$2.97 Per
\$100

Marking a decrease of slightly more than one cent from the tax rate of 1923-24, San Mateo county's general tax rate for the fiscal year of 1924-25, in all territory exclusive of incorporated cities has been set by the county board of supervisors at \$2.97. In all incorporated cities of the county the rate will be 50 cents less, or \$2.47.

The general rate for 1923-24 was \$2.983 outside incorporated cities and \$2.483 inside incorporated cities, a decrease of .013 cents therefore being effected by the board.

Action of the board followed a lengthy consideration of estimates furnished by County Auditor J. J. Shields.

Besides the setting of the general tax rates the supervisors likewise set rates on all special district taxes covering special school funds, lighting district funds, mosquito abatement district funds and bond redemption funds.

Following the setting of the tax rate the board delved into a mass of other business scheduled for the regular first meeting of the month.

Lawndale Produces Its 1st Victim

Lawndale, San Mateo county's "city of the dead," yesterday produced its first victim of arrest.

The choicest broccolis and new cabbage, guaranteed to contain all life-sustaining vitamins, and a most remunerative commercial product, are grown at the city of Colma, in San Mateo.

The scenic wonders and national playgrounds of the county are shown as a tinted background portraying an idyllic woodland glade.

The ensemble presented by the San Mateo booth makes for a high degree of artistic skill and the exhibit is one of the centers of attraction among the many in Horticultural Hall.

DAMAGE CAUSED BY FIRES SMALL

Two fire alarms were answered by the local department at almost the same time on Wednesday morning. The first signal came from the Pacific Sheet Steel Corporation where an overflow of oil into a hot lead vat filled the buildings with smoke and created the appearance of a large conflagration. The blaze was extinguished by chemicals.

At the same time a pile of rubbish behind Mattie & Duffy's pool room and bowling alleys started from spontaneous combustion. A shed and part of the fence adjoining caught fire, but no serious damage was done.

The second blaze caused Fire Marshal Ben Truax to issue an order that all rubbish must be cleaned up in back of buildings immediately.

CLEAN HIGHWAY ON PENINSULA, DEMAND OF BOARD

REDWOOD CITY, Sept. 4.—War on all parties responsible for the throwing of refuse and garbage along the highways and byways of the county was declared by the San Mateo county board of supervisors at its meeting Tuesday, following action taken on the levying of the 1924-25 tax rate.

Declaring that the manner in which the highways of the county have been littered during the present year is "disgraceful," Supervisor Rosalie M. Brown brought the matter to the attention of the board, following which District Attorney Franklin Swart informed the supervisors that an ordinance prohibiting this practice is on the books of the county.

With this information at hand, the supervisors voted to take steps to make all county traffic officers, deputy sheriffs and constables responsible for the enforcement of the ordinance. Arrests, it is said, will be ordered made.

Phones for Officers

In order that county traffic officers may be available to call in all cases of emergency, the board voted to order immediate installation of telephones in the homes of all of these officers, the same to be billed to the county through the sheriff's office.

A petition from the Menlo Park Lighting Association for the installation of four additional street lights was presented to the board and the petition granted.

An award of \$50 from the advertising fund to go toward the entertainment of the delegates to the convention of justices of the peace to be held in Redwood City on Saturday, September 13, was voted.

A check from the Great Western Power Company for \$827.10, covering the amount of franchise taxes for the current fiscal year, was received by the board.

San Bruno Bid

An invitation from the city of San Bruno to the members of the board to be the guests of that municipality at the Admission Day celebration now being planned, was accepted by the supervisors.

Reports of all county officers for the month of August were received and placed on file, including a report from the hospital commission, which reported the total cost of operation of the hospital for August to be \$6,114.17.

NEW BALL FIELD IS CHRISTENED

The Pacific Car & Equipment and Virden Packing Company teams christened the new baseball field on Swift avenue on Tuesday evening by playing one of the closest contests that the last few weeks have seen. Pacific Car won by a score of 5 to 0.

"Babe" Schmidt, brother of Fred, chucked for the Virden team and appeared to good advantage at all times. On two occasions with the sacks loaded, two down and three wide ones to the batter's advantage, he tightened and struck out his man.

Fambrini and Monize did the battery work for the Pacific Car outfit. Fambrini allowed but two bingles and kept the enemy far from the plate.

A. T. ARNDT RETURNS FROM EUROPEAN TRIP

A. T. Arndt returned last Saturday morning on the Overland Limited from a trip of 14 weeks' duration that carried him through Germany, where he visited with relatives and renewed acquaintances. His travels took him through the principal cities, including Berlin and Breslau.

Arndt reports that Germany is building up economically and that conditions there are vastly improved over what they were reported to be following the war. Food, he says, is much more plentiful now, although prices are extremely high, for both foodstuffs and clothing.

Most of the large industries have reopened on a half-time basis, but enough work is provided to enable the workman to earn a livelihood.

Arndt, who is head of Arndt's Department Store on Grand avenue, expressed himself as being glad he is back in South San Francisco where conditions are vastly more agreeable. Mrs. Arndt has been in charge of the store during her husband's absence.

CAR SHOP NINE ROLLS OUT OF CELLAR, 15-14

Pacific Coast Steel Is Left
Alone in Dungeon After
Six-Inning Batfest

In a free hitting contest on Thursday evening Pacific Car and Equipment and Pacific Coast Steel battled to see which would sneak out of the cellar which they have jointly occupied since their entry into the league. The game went full six innings and Pacific Car rolled out in the last frame winning by a lone run, 15 to 14.

John Fambriani, who did the chugging for the car shop, was hit freely, but the heavy sticking of Ernest Bonalanza and a home run by Zeke Monize with the bases as full as a New York tenement on Sunday enabled him to win his game.

George Wallace and Tebbis Signorelli did the pitching for Pacific Coast Steel, and while they were not abused any more than Fambriani, they didn't get the breaks of the game.

Gibbs of the steel works hit two homers, while Raffelli, Monize, and Bonalanza also hit circuit clouts.

Things were tied up in the fifth and in the opening half of the sixth the steel workers piled up a seven-run lead, but the car men surpassed that in their half.

The score:

Players	A.B.	R.	H.	E.
Medeghini, 1b.	4	2	2	1
Eserini, 1b.	4	2	3	0
Monize, c.	4	3	3	0
Bonalanza, 2b.	4	2	2	1
Foraker, 3b.	4	1	1	1
Bolleri, 2b.	4	2	2	0
Fambriani, p.	2	1	1	0
Totals.	30	15	16	4

Pacific Coast Steel

Players	A.B.	R.	H.	E.
Gibbs, 2b.	5	2	2	1
Roth, 2b.	4	1	1	2
Butler, rf.	4	1	1	1
Wallace, ss.	4	2	1	1
Rowe, c.	4	0	0	1
Fischer, 1b.	4	3	4	1
Signorelli, 1b.	4	2	2	0
Raffelli, cf.	4	3	3	0
Totals.	33	14	14	7

Summary: Home runs—Monize, Bonalanza, Gibbs 2, Raffelli. Three-base hit—Bonalanza. Two-base hits—Fischer, Medeghini, Fambriani. Struck out—By Wallace 3, by Signorelli 4, by Fambriani 6. Stolen bases—Roth 2, Wallace 3, Eserini 2. Umpire—Enerick.

ELECTRICITY TO BE USED AS AID TO AGRICULTURE

ATHERTON, Sept. 4.—The Pacific Gas and Electric Company is preparing to install transformers and electrical equipment to supply J. B. Shearer, located on Alameda avenue, with 50 horse power in electrical energy for agricultural purposes.

In speaking of the work to be done and the growth of the company's system, W. Kellogg, district manager of the company, today said that the total connected load on the P. G. & E. power lines for July, 1924, reached a total of 1,368,034 horsepower, an increase of 134,117 or 11.42 per cent over that of July 1923.

JOHN SHORTRIDGE WITHOUT CAR FOR 10-DAY PERIOD

(Special Dispatch)

REDWOOD CITY, Sept. 4.—When John Shortridge, 18-year-old son of United States Senator Samuel M. Shortridge, asked for a postponement of passing of sentence last Saturday after pleading guilty to charge of speeding by Justice of the Peace Ray Griffin, he was wiser than he knew.

The youthful Shortridge had anticipated that the sentence might prevent an automobile trip planned for Sunday, wherefore he accepted his constitutional rights relative to time for imposing sentence.

Appearing before Judge Griffin Tuesday afternoon, the man's judgment proved correct, the magistrate proceeding to suspend Shortridge's right to operate an automobile for a period of 10 days.

NEWS NOTES FROM VIRIDEN PACKING CO.

Al Zanetti and a party of friends motored to the Russian river over the Labor Day holidays.

William Forbes attended the Stock Fair at Sacramento last Sunday.

To provide clean money for its guests, a western hotel puts all its change through a coin-washing machine.

SAN MATEO FIGHTS SCHEDULED FOR TONIGHT

Replacing Cliff Ramies, the lanky, Southern-Californian, Fred Sullivan, Oakland four-rounder, will mix with Eddie McGovern in the main event of Promoter Jack Elms' fight card at San Mateo this evening. Ramies was taken off the program because of his defeat at the hands of "Dynamite" George at Emeryville on Labor Day.

South City Gas Smith, spectacular batter who has yet to have his ring career marred by a defeat, is set to battle Larry Jones in the semi-main event. Both fighters will weigh in at 135 pounds.

Eddie Heim, a San Mateo favorite, will match mitts with Jack Attell in what promises to be one of the best bouts of the evening.

Other matches include:

Jack Kirby vs. Danny Johnson, Kid Walsh vs. Tom Ryan, Young Marty Farrell vs. Eddie Lewis, Mickey White vs. Bobby Jones.

PESCADERO

PESCADERO, Sept. 4.—Otto Girola was here from San Francisco on a visit to his mother, Mrs. Marie Girola, his brother, George Girola, and his sister, Mrs. Charles Steele, Jr. Fred Girola, who was also a recent guest of his mother, returned with Mrs. Girola to their home in the Imperial Valley a short time ago.

J. C. Williamson and his daughter, Miss Myra Williamson, were in San Francisco during the week. Constable Walter Moore and Frank G. Williamson were in touch with members of the San Francisco police department the middle of the week, running down clues in connection with the recent robbery of the J. C. Williamson store.

Mrs. Roy Scott is said to be seriously ill at her home.

Mrs. C. V. Thompson was in San Francisco several days during the past week. Dr. C. V. Thompson was in Redwood City to attend supervisory duties in connection with the recent election.

Engine trouble has developed in the packing plant of the Peninsula Farms Company, causing a cessation of operations for a good part of the past week. In consequence of this the cleaning of the last of the peas harvested is being held up.

The first regular meeting of the Pescadero P. T. A. convened at the grammar school last Wednesday. Mrs. J. C. Williamson, president, presiding. It was announced that the regional conference of the P. T. A. will be held in Pescadero this year. Plans for the construction of a new grammar school building to replace the obsolete structure now in use were endorsed by the organization. This last act represents the biggest undertaking in the history of the local P. T. A., which has been very active in school affairs since its inception a number of years ago.

R. B. Kellogg of Palo Alto, representing the Pacific Coast Savings and Loan Society of San Francisco, was in Pescadero during the past week. Kellogg is a former school principal, having been engaged in that capacity years ago in Oregon. While here he called on the faculties of the grammar and high schools.

An 83-foot well has been drilled on the Eli Moore place during the past week. A rise of 15 feet of water has been observed, and a good head is believed to be assured. A windmill is in the course of construction over the well. A tank of 1,000 gallons capacity is expected within the week. The water will be used for irrigating artichokes on the Moore ranch.

Frank Goularte, former proprietor of the Elk Horn in Pescadero, is opening a hotel in Princeton, is to open up a soft drink and candy store in what was formerly the bakery in Pescadero. The latter place is now in process of renovation.

Mrs. Ida Raney and Mr. Harry Zealand motored to San Francisco recently, where Mrs. Raney is making a brief stay. Zealand returned to Pescadero.

Clarence and Bert Woodman left Saturday for an extended hunt in Humboldt county.

While here on a recent visit to the home of her mother, Mrs. Anthony Enos, Mrs. Phil Travers and her husband attended a gathering of friends and family members up in the Butano.

SAN CARLOS, Sept. 2.—Mr. and Mrs. J. W. Munday were visitors at the home of Mr. and Mrs. O. W. Stewart Wednesday evening.

Miss Arline Stewart, young daughter of Mr. and Mrs. D. L. Stewart, after spending several weeks visiting with Mrs. A. Gunn of Los Angeles, has returned to her home here.

Merle Stewart, son of Mr. and Mrs. O. W. Stewart, broke his arm again recently. Merle met with a similar accident May 2 at Burlingame.

Mr. and Mrs. W. Bullwinkle of

Card Gridiron Candidates To Arrive on Campus Next Week for Fall Practice

With the advance guard of Stanford football candidates arriving next week and Coach Glenn Warner's arrival set for some time prior to September 15, Cardinal gridiron operations will soon swing into action.

Prospects for a winning eleven on the Farm are brighter than they have been at any time during the five years of varying fortune Stanford has experienced since the return to American football. Warner seems well satisfied with the work of Andy Kerr and Claude Thornhill, his two emissaries who on have built up a reliable system in the last two years.

Admittedly Warner will have a wealth of material to draw on for the 1924 varsity. Missing from last year's eleven, one of the strongest in the Conference, will be Faville and Cravens, the guards; Campbell, quarterback, and Murray, halfback.

The roster of the Cardinal squad of contenders for places on this year's Warner machine will, include the following:

Ends—Captain Jim Lawson, Middleton, Dole, Thomas, McDermott, Ted Shipkey, Adams, Greisser, Tackles—Johnson, Harry Shipkey, Neill, Rafetto, Anderson.

Guards—Armour, Sholes, Swan and Mahan.

Centers—Baker, Hunt, Natcher, Price.

Quarterbacks—Mitchell, Solomon, Baldwin, Kirwan.

Halfbacks—Wheat, Cleveland, Cuddeback, Hyland, Moore, Trombetta, Dennis.

Fullbacks—Nevers, Bogue, Stratton, North.

Blocked punts cost Stanford victories over California and U. S. C. last year. No one has been able to fix the blame definitely on the kicker, the center's passing, or on a weakness in the line of defense.

Glenn Warner is an exponent of the end-over-end pass. He declares that the difference in speed between this system and the spiral pass is negligible and that the end-over-end method has many advantages of receiving the ball guards; in the backfield.

Warner will probably not have to face the same psychological problem that Andy Kerr did in preparing his men mentally for the Big Game with California last year. Victories over the Golden Bears in baseball and track this year will have their effect in bolstering up the Cardinals' morale on the gridiron.

Red Headed Girl Again Is Nemesis of Youth; Lands 2 In County Jail For Theft

REDWOOD CITY, Sept. 4.—Red-headed girls have caused trouble for more than one man, but last week it remained for a combination of a red-headed girl and a red-colored sweater to make trouble for two.

The combination landed Edward Robinson and Jack Hamilton, 21 and 20, respectively, both of 141 Fifth street, San Francisco, in the Redwood City jail, charged with grand larceny.

The eager optics of one Edward Young, cadette manager of fashion, recalled a recent theft of \$400 worth of property from the Merced County Club, in which was included a red silk sweater of the exact description as that worn by the young Colma girl, caused Young to forget the red hair and pay strict attention to the sweater. Convinced of his identification, he left the bus and sought out Constable S. Landini, whom he asked to question the young woman, whose name is withheld by the officers in view of the fact that she is married and "hubby doesn't know." She consented to a meeting with Hamilton and his pal, Robinson, at Daly City.

The rest was easy. Besides the two youths, the entire stolen property of the golf club, including clubs, balls, sport coats and other articles, was recovered. The men were brought to this city by Lanher beauty enhanced by a silken sweater of an even more fiery hue.

WEEKLY REVIEW OF INDUSTRIES IN CALIFORNIA

San Francisco—Bethlehem Shipbuilding Corporation to build 1000-ton Diesel engine ever built in United States; will cost \$750,000 and be placed in General Petroleum Company's steamer Lio.

Los Angeles—Pacific Coast Borax Company to build \$500,000 packing plant in Los Angeles harbor for operation in connection with \$1,000,000 leading plant on Mornion Island.

Stockton—Pacific Gas and Electric Company to extend water mains to Pacific Manor at cost of \$12,965.

Rio Vista—Shell Company of California to construct complete storage plant here, with tanks, warehouse, offices and wharfage facilities.

Burlingame—Pacific Telephone and Telegraph Company extending lines in this district at cost of \$55,000.

Los Angeles—The greater part of an appropriation of approximately \$1,000,000 made by the Santa Fe railroad this year for traffic and colonization purposes, will be spent to boost California, it is announced by W. H. Simpson, assistant general passenger agent.

Compton—Midway Gas Company to double capacity of compressor at cost of \$125,000.

Redwood City—First unit of \$12,000,000 Pacific Portland Cement Company's plant to begin operating at once.

Gross deposits in state banks of California increased more than \$20,000,000 in the 90 days preceding June of this year, with an increase of almost \$23,000,000 in assets.

Dixon—Pacific Gas and Electric Company to extend light and power lines from Vaca-Dixon substation to new Atchico substation at cost of \$973,400.

Long Beach—Emergency steam pumping plants of Southern Edison Electrical Company totalling 130,000 horsepower nearing completion in record time.

Los Angeles—Los Angeles Gas and Electric Company reports number of meters on its lines over 400,000, an increase of approximately 100 per cent during four-year period since August, 1920.

FALL CONFERENCE GRID PRACTICE IN TWO WEEKS

Nine West Coast Colleges
Start Workouts on
September 15

Although the opening of fall football practice at nine Pacific Coast Conference universities and colleges is still slightly over two weeks' distant, coaches and players are already beginning to drift back to the various campuses.

Practice for all conference institutions starts September 15, which, by the way, is quite early enough. Of recent years it has become the accepted custom for all colleges in the larger conferences throughout the country to begin football workouts on this date, and rallies by nearly all of these bodies now definitely fix this as the opening date of practice.

Commenting on the late starting date, Andy Smith, California coach, voiced his approval of the system. "I have found it to be true that where practice is started early in September, by the early part of November the squad is mentally sick of football," said Smith.

The longer training period tends to make the athletes go stale just before their most important games. Yale found this to be true, so did other eastern colleges, September 15 is early enough to start practice, especially when a schedule of nine games in as many weeks is to be played with a post-season game such as we have for January 1 on the list."

FRENCH TOWN BEATS IRISH TOWN 18 TO 3

Irishtown took an awful pasting from Frenchtown in the ninth annual contest between representative teams of the two sections of South San Francisco which was played on the high school diamond last Sunday morning. At least, that is the claim of the victorious Frenchtown ball-tossers who furnished the writer with a score of the game which showed the final count was 18 to 3.

It seems that the rivalry has grown since the men now playing were boys in school. According to records furnished by Frenchtown, Irishtown has only won twice in nine years.

The score furnished by the tosser for the Frenchtown troupe is published here, not because it is correct or incorrect, but because it is the only available accounting of the seven innings of baseball. Irishtown has not yet been heard from.

The score:

Player	AB.	R.	H.	E.
Monize, c.	3	1	1	0
J. Gray, ss-p	3	1	1	0
E. Bonalanza, 2b	3	1	1	2
E. Costa, 1b				

49 Criminal, Civil and Divorce Cases Listed on Superior Court Calendar

Forty-nine cases, criminal, civil and divorce, were before Superior Judge George H. Buck on the weekly law and motion calendar in his court. Disposition of the cases, either permanent or temporary, was made by the court as follows:

People vs. Fritz Hoffman, time to plead. Pleads not guilty; trial set for September 5.

People vs. Joe Versky, time to plead. Pleads guilty; sentence Saturday, August 30, 10 a. m.

August Kuckein vs. John H. Gibson et al, demurrer to complaint. Submitted, request of Mansfield.

Mary V. Egli vs. Fred C. Egli, motion for support, maintenance, counsel fees and costs. Fifty dollars attorney's fees within one week; \$10 costs; maintenance, submitted.

Paul S. Marrin vs. Valley Oil Company et al, demurrer to complaint. Overruled; 10 days to answer.

William H. North vs. Bertha E. North, order to show cause. Fifty dollars attorney's fees and \$25 per month alimony, within one week.

William A. Brooke et al vs. All Persons, etc., trial. Judgment for plaintiff.

Ansel M. Easton vs. Alice E. Duncan et al, trial. Judgment for plaintiff.

Bank of Burlingame vs. Harry L. Hewitt, trial. Judgment for plaintiff.

Amir Din and Abdullah vs. C. H. Wideman, setting demurrer. Demurrer set for September 4.

Francisco Martini vs. R. A. Farrar et al, trial set for September 26. Demand for jury.

John J. Bewler vs. Lolo Irene Ella Bewler, trial. Submitted.

In re application of St. Paul's Methodist Episcopal Church of South San Francisco, a religious corporation, for permission to mortgage. Granted.

Irene Sokolowski vs. William Sokolowski, demurrer to plaintiff's complaint. Submitted.

Estate of Elsiebeth Nilsen, petition for letters of administration. Granted; bond \$100.

Estate of Thomas Mirk return and report of sale of personal property. Confirmed.

Genevra Lusardi vs. John Lusardi, order to show cause, support, fees and costs. Continued one week.

Estate of Peter Eberle, petition for letters of administration. Granted; bond \$100.

Estate of Josephine Gough, petition for letters of administration. Granted; bond \$10.

Estate of Mary Andersen, probate of will. Granted; no bonds.

Estate of A. O. Elbes, petition for letters of administration. Granted; bond \$100.

Estate of Thomas B. Tighe, petition to set aside whole estate to widow. Granted.

Estate of George A. Kreiss, petition for letters of administration. Granted; bond \$1,000.

In re termination of interest in Joint Tenancy of Roy L. DeBolt. Granted.

In re application of Foote & Parsons, Inc., a California corporation, for change of name. Granted.

Bertha M. Wenk et al vs. Max Weis et al, motion to secure order for inspection and copy of documents in defendants' Max Weis and E. C. Howard's possession. Continued one week.

Evelyn Johnson vs. Charles W. Johnson et al, order to show cause and restraining order. Granted. Seventy-five dollars per month and \$75 attorney's fees.

Estate of Carl Wilhelm Holm, final account and petition for distribution. Settled and distributed.

Estate of Leo Burkart, probate of will. Admitted; no bond.

Estate and Guardianship of James C. O'Laughlin, petition for letters of guardianship. Granted; bond \$1,000.

Estate of Frank S. Mesquite, first and final account and petition for distribution. Partial hearing; continued to September 25.

Estate and guardianship of Ida Flint, third report and account of guardian. Continued to August 30.

Estate of Benjamin Mead, petition to assign whole estate to widow. Granted.

Estate of Frank J. Carolan, petition of Henry W. Poett for probate of will and codicil. Continued to September 25.

6 MONTH TERM FOR YOUTH IN BEATING CASE

The hand of the law fell heavily yesterday on J. Sandas, 23-year-old San Francisco window washer, when Justice of the Peace Ray Griffin of Redwood City imposed upon him a sentence of six months in the county jail, without the alternative of a fine, on the charge of disturbing the peace to which Sandas pleaded guilty Tuesday following his arrest Saturday night on a charge of beating Mrs. J. H. Cooper of San Francisco after an auto accident near Atherton.

Sandas still faces trial on a battery charge, to which he pleaded not guilty. He will be tried jointly with Frank Nunez, 18-year-old companion, on September 10 at 2:30 o'clock.

Judge Griffin roundly scored the defendant in passing sentence, expressing regret that the law did not allow heavier imposition of sentence.

Sandas and his companions, two of whom escaped, are alleged to have beaten Mrs. Cooper, with an infant child in her arms, and to have likewise beaten her husband when he attempted to interfere, following the accident in which the Cooper and Sandas cars crashed. The men were arrested by Traffic Officers James Logan and Chester Kreiss following a battle in the highway in which many blows were exchanged.

JUSTICES OF PEACE OF COAST WILL CONVENE

Redwood City Will Be Host to Judicial Gathering September 13

(Special Dispatch)

REDWOOD CITY, Sept. 4. — Plans for the reception and entertainment of scores of justices of the peace from all parts of Central California in this city Saturday, September 13, are under way here today under leadership of Justice of the Peace Ray Griffin, preparatory to the holding here on the above date of the annual meeting of the Central Coast Counties Association of Justices of the Peace.

Formal announcements of the coming convocation of justices have been issued by D. W. Rohrbach of Watsonville, president of the association, and J. C. Cromie, secretary, of San Juan Bautista. Officers of the state association of justices, they announce, will be present to ask the co-operation of the local counties association in securing such amendments to the laws as may be of vital interest to the justices of the peace of California.

All members have been invited to bring their wives or sweethearts, the ladies to be escorted on a scheduled auto ride by a committee of ladies of San Mateo county.

Besides the justices of the peace, constables and traffic officers will likewise gather at the meeting here.

An award of \$50 from the county board of supervisors and another award of \$25 from the board of town trustees of Redwood City, to aid in defraying the expense of entertaining the visitors here, were made yesterday.

The sessions of the convocation will be held in the auditorium here, opening at 12 o'clock noon, September 13. Justice of the Peace Griffin today announced the following tentative outline of the program for the occasion:

12 noon—Assembling of members and their families or guests at the Redwood City Auditorium.

12:30 p. m.—San Mateo county luncheon, given by the citizens of San Mateo county.

2 p. m.—Autos will be in waiting to take the ladies of the party on a ride through Palo Alto, stopping at Stanford University for inspection. Through Burlingame, Hillsboro, San Mateo, South City, where some of the immense industrial plants will be visited, including packing houses, ship yards, etc., returning to Redwood City.

2 p. m.—Business session of association at auditorium. Election of officers, report of legislative committee and other matters of business.

PERMITS ISSUED FOR 82 BUILDINGS

SAN JOSE, Sept. 4.—Eighty-two building permits for work totaling \$298,440 were issued by the city of San Jose during the month of August, according to figures compiled today by City Building Inspector M. C. Woodruff. This is almost twice the number of permits taken out in August, 1923.

Construction of 22 new homes or over at a cost of \$93,560 were provided for in the permits. Permits also included two new apartment houses to cost \$105,250; seven business buildings to cost \$37,370; five new homes of less than four rooms to cost \$5,500; 11 garages to cost \$1,655; miscellaneous buildings costing \$1,350, and alterations which will cost \$53,755.

Average price of houses built in England has decreased from \$5,500 to \$2,100.

SAN BRUNO NEWS ITEMS

The Ladies' Aid of St. John's church gave a luncheon last Tuesday night.

The new San Bruno Library was opened September 2nd at the Bellamy store.

Mrs. Ooebe of San Bruno Park is the mother of a baby girl born Friday night at the Mills Memorial Hospital.

The B. A. Y. Whist held last Tuesday night at the Nicholas Drischer Hall was reported as a financial success.

Jesse Davis of Sebastopol was visiting in San Bruno last week.

Mr. Suparich of Belle Air Park who has been confined to bed by illness has now recovered.

Mr. and Mrs. F. A. McCollum have moved into the Bishop home in Third addition.

Miss Charlotte Collins of San Bruno and Miss Lundholm of Oakland have opened a beauty shop at Miss Collins' home on the highway.

Miss Mercedes Fisher, niece of Mrs. Holmes Smith, returned to her home in Fort Bragg. Miss Fisher spent part of her vacation with her aunt in Berkeley and the remainder with Mrs. Smith.

Harry Smith, sporting editor of the San Francisco Chronicle, is again on the sick list.

Mr. and Mrs. Singer and Weldon and Jackie Singer are spending the week-end at Russian river.

Mr. and Mrs. Lee moved into the Harrington house on Mills avenue this week.

Mr. and Mrs. Jack Karman and Dorothy Karman spent the week-end at Pittsburg, Calif.

Mrs. Levy has recovered from her recent illness.

Norman Nasits is the owner of a new Star touring car.

Fred Abernati of San Bruno and Miss Juanita Coughlin, formerly of San Bruno, were married last week.

Joshua Maule, Jr., has returned from a trip north.

Lauritz Madsen has been visiting in San Bruno this week.

Members of the Epworth League of San Bruno motored to Searsville over the holidays.

Mrs. Albers of San Francisco was a week-end guest of Mr. and Mrs. Joe Ludwig of San Mateo avenue.

The Merlo home on Vale street is being shingled and repaired.

Mr. Baldi, watchmaker and jeweler, is now established in the Colma Pharmacy.

BUSINESS CORNER

NEED MORE TABLE ROOM AT POPULAR POODLE DOG CAFE

A need for added table room has caused Mrs. Jennie Baradat, proprietress of the new Poodle Dog Cafe on Grand avenue, to apply to the city for a permit to build a dining room to adjoin the present building.

The new building will be 16x32 feet and of brick construction in the walls, with hardwood floors. Mrs. Baradat plans to install her piano in the room and it will be used largely for banquets and parties. The room will be carpeted and decorated in the same style as the present cafe.

It will connect with the main restaurant through French doors and will have direct service from the kitchen.

Mrs. Baradat feels that the addition will fill a long-felt need in that it will provide a place to dance while dining and also quarters for the holding of banquets and dinners of various kinds.

WOODMEN'S PICNIC COMING SUNDAY AT CONGRESS SPRINGS

Members of the local camp, Woodmen of the World, are planning to attend and participate in the Forest initiation to be staged next Sunday at Congress Springs by all the camps in San Mateo and Santa Clara counties.

In addition to the initiation ceremonies a barbecue and picnic are to be held. Congress Springs is reached by electric cars from San Jose or Palo Alto or by turning west from the state highway at Sunnyvale.

SET THE YOUNGSTERS A GOOD EXAMPLE—
EAT MORE BREAD

More Snap In Your Step!

The most strenuous day's work or play becomes a pleasure when you feel just as fit at the end of the day as at the beginning.

Harvest Bread has the very strength of nature stored up in it to help you keep fit and put more snap in your step.

The flour in Harvest Bread is from the world's best wheat, and every other ingredient is selected for its purity and value to the bread. These are baked thoroughly into the golden brown loaves that are so popular.

Your grocer will be more than glad to serve you with this thoroughly delightful loaf.

The Powerful Hand That "Pushes" Buyers Into Your Store!

Most every person is a "born bargain hunter." We all are quick to pick up what we know is a "good buy" and something we need. Whether blessed with riches or not, we're ever alert to the opportunity of making our dollars go farthest.

So, Mr. Merchant, if you have "bargains" that will interest the general public, the surest way of bringing "eager buyers" into your store is to advertise your offerings in the

MYSTERY IN \$3000 FIRE

Fire which originated under mysterious circumstances destroyed the barbecue lunch room owned by Gus Gigling, located on El Camino Real, a short distance south of Menlo Park, at an early hour yesterday. The loss is estimated at \$3,000.

Investigation was under way today by F. F. Whitaker, chief of the Menlo Park fire department, to determine the exact cause of the blaze. He said he was informed that an unidentified man had broken in the door and windows of the "hot dog" stand, sprinkled gasoline over the interior and applied a match.

Reports of a feud between rival "hot dog" stands will also be probed by the official.

Gigling was asleep in a house at the rear of his place of business when the flames broke out at about 1:30 o'clock. The fire burned so rapidly firemen had no chance to save the building.

The residence of G. A. Kirkbride, which was near by, was badly scorched. Gigling estimated his damage at over \$3,000.

FRUIT UNHARMED BY SLIGHT RAIN

SAN JOSE, Sept. 4.—A slight rain fell in the Santa Clara valley Monday. A warning was issued to fruit growers by E. S. Nichols, in charge of the local office of the weather bureau, to stack their prune trays in case of further rainfall. The precipitation was not sufficient to cause any damage to the fruit drying in trays, Nichols stated. Although he did not expect further precipitation, Nichols stated that he issued the warning to stack trays as a precautionary measure.

HARRISON

HARRISON, Sept. 4.—E. Lucas, an employee of the Godeau mill, was thrown from a truck last Tuesday, breaking three of his ribs. The truck struck a large stump with such force as to throw Lucas out.

Mr. and Mrs. Huerer, Mrs. Gandy of Burlingame, and Mrs. A. F. Englehardt of San Mateo held an outing in Memorial Park Thursday.

Jay Tucker journeyed to Mountain View from here Friday, returning next day, hiking both ways.

Miss Elsie Bloomquist spent the holidays visiting friends and relatives near Stockton.

Dr. Guthrie motored over from Richmond Saturday to spend the holidays with Mrs. Guthrie and his mother-in-law, Mrs. Jensen.

Mr. and Mrs. H. E. Hallett and Mrs. Boerner of Redwood City spent Sunday and Monday in Memorial Park. Mrs. J. L. Ralston motored back to Redwood City with the Halletts, en route for a few days stay in San Francisco.

Mr. and Mrs. George Stafford and children, Mrs. Ella Holden, Miss Bement of Redwood City, and Miss Earl of New York visited Memorial Park Sunday.

Mr. and Mrs. E. Philbrook and Mr. and Mrs. A. Larsen visited over the week-end with Mr. Philbrook, Sr., who is still very ill in the San Jose Hospital from his recent accident.

All of the lumber mills in this locality closed down over the holidays.

Memorial Park was well populated with people from many communities over the holidays. Thirty-five machines registered Saturday and Sunday, each machine being well-loaded. Those who registered the largest number in camps were the Dados of San Mateo, the Stacks and Pohls of Burlingame, and the Graves of San Francisco.

Old fashioned agricultural implements are being used in Sicily because of the conservatism and limited funds of farmers there.

KLAN NOT UNIVERSALLY LOVED

Important Incidents Show Disesteem in Which the Hooded Order Is Held

Several incidents of recent date indicate the continuing decline of the Ku Klux Klan in popular estimation. Foremost are the public denunciations of the order by such notables as Robert La Follette, John W. Davis and Charles G. Dawes. As each of these figures may be considered both to reflect and to influence the thought of his voting constituency, the denunciations have more than personal importance. But added to these pronouncements are other incidents. The comeback of former Governor Walton of Oklahoma in a recent election campaign in which he was successful against klan opposition is not without its important connotations. "Ma" Ferguson's election victory in Texas against a klansman is another case in point. The rousing and ready endorsement by the Ohio Democratic convention recently of John W. Davis' anti-klan stand is significant. And to add variety to the succession of examples we refer to Camp Custer, Michigan, where General Mosler, commanding officer, has threatened drastic action if another attempt is made to burn a fiery cross within the confines of the camp.

The klan holds itself up as the perfect model of Americanism. But Americans who admire the "open and above board" methods that have marked the conduct of our public leaders and best-known citizens are loath to recognize that type of alleged Americanism that conceals itself in a pillowslip and attempts from there to give dictation to the public.

We recall a talk made on the Peninsula last fall by one of the few klansmen who makes bold to appear in public as an admitted member of the order, who announced that the next president of the United States would be a klansman and that his name would not be known even to members of the klan until the night before election. We don't know just how far the klan has arrived so far in its efforts toward execution of that plan. But if the organization is serious in that purpose we would suggest that haste be made in getting to work. With three strong tickets now in the field for the presidency, the vote of the country is already pretty well signed up. We don't see how there can be much left over for the klan's dark horse. And at the rate public opinion is developing against the K. K. K. that residue will be considerably less by the time the election occurs.

SPEECHLESS TELEPHONY

"I'll call you on Friday afternoon," a business man was heard telling his contemporary the other day.

"At what time?" asked said contemporary. "Any time after 1 o'clock," was the rejoinder; "I'll start trying at that time."

All of which describes an attempted telephonic conversation in South San Francisco. Telephoning has now developed into a game. It should be called "Try to telephone," although patrons have time enough trying to get attention from the central to find a much better name.

There is virtually no use in telling a telephone if no one will listen. And central must listen before anyone else has a chance.

And, if you are in the habit of waiting for your phone to ring a second time, don't do it. If you think the phone has rung, jump to answer it. The person on the other end of the line is probably about to pass out from fatigue and if there is no other person central won't call you down for at least thirteen minutes, the average time it takes to rouse her.

In upholding the principles of both the child labor amendment and the proposed federal department of education, President Coolidge is taking a more advanced position in behalf of the childhood of America than his campaign opponent, John W. Davis. Mr. Davis in a recent speech advocated ratification of the child labor amendment so that "human greed may not again close the door to education that has been opened," but offset that stand by opposing the federal department of education proposal on the argument that it would be an "entry on the fatal path of a state monopoly of education."

Mr. Henry Monroe Smith has petitioned a San Francisco court to change his Christian name to "Another." He wants to be known as Another Smith. It sounds as though he were in the automobile business and advertising on the spare tire, but we can think of no good reason for denying his request.—Sacramento Union.

THE LEGISLATIVE PROPOSITIONS

Eighteen Are Submitted for the November Election; Some Old-time Favorites Are Missing

As far as the legislative propositions are concerned the state election this November will be less stirring than formerly, for two reasons: (1) The propositions are fewer than usual, and (2), with but three exceptions, are not of a character to develop heated and sustained controversies that will appeal to a very big percentage of the electorate.

This year's ballot lists but 18 legislative proposals, as compared with 20 in 1920 and 30 two years ago. Of the 18 submitted this year, 14 are constitutional amendments proposed by the legislature, two are constitutional amendments proposed by initiative petitions, and two are initiative acts. There are no referendum measures.

The water and power act, which was defeated two years ago, reappears on this year's ballot, with indications pointing to an intensive controversial campaign. A measure authorizing boxing and wrestling contests for prizes or purses also has possibilities for a lively two-sided campaign. The other measure in which there is a probability of strong public interest is the proposition for prohibiting the damming of the Klamath river. This measure is backed by the California Fish and Game Commission and opposed by the Eureka Chamber of Commerce. Both sides have their publicity campaigns running full blast now.

From the standpoint of the legislative propositions, this biennial ballot is most unlike its predecessors because of some conspicuous absences. There are no propositions giving rise to any religious or medical disputes, or any fight over prohibition. The public schools (both public and private) are safe from legislative attack by the voters this year. Even such perennials as the anti-vivisection measure and the single tax are on vacation for this election. There is not even any effort made to abolish the initiative, referendum and recall.

In the main, the things covered by the legislative proposals this year are of the type that the average voter will declare are "stupid" and in all probability will leave unmarked on the ballot.

This paper will have more to say later about the provisions of the 18 propositions. By titles the measures will be listed on the ballot as follows:

- No. 1—State taxation of highway transportation companies.
- No. 2—Salaries and expense of legislature.
- No. 3—Deposit of public moneys.
- No. 4—Inferior courts.
- No. 5—Transfer of funds.
- No. 6—Personal property taxes.
- No. 7—Boxing and wrestling contests.
- No. 8—County officers.
- No. 9—Taxation.
- No. 10—State taxation.
- No. 11—Klamath river fish and game district.
- No. 12—Municipal courts.
- No. 13—Poll taxes.
- No. 14—Bonds.
- No. 15—Tax exemption.
- No. 16—Water and power.
- No. 17—Eminent domain.
- No. 18—Suffrage.

ADING THE MERCHANT

Sunday closing seems to be assured as far as local merchants are concerned. It may not continue if "the trade" insists on complaining because the stores are closed on Sundays. Their complaint arises when they forget to do their buying on Saturday.

The duty of the storekeeper is to furnish the people of this city with the things they need. It is his custom to keep open until 9 o'clock every evening to cater to those needs. After six such days in a week he is in need of a rest. He will get it only if those who have the Sunday buying habit change that practice.

There are many differences and many near differences in the attitude taken by the three presidential tickets on on prominent issues. But on one point all are agreed, namely, opposition to the Ku Klux Klan. La Follette's pronouncement against the hooded order made some time ago has been followed now by outspoken denunciations from John W. Davis, Democratic presidential nominee, and Charles G. Dawes, Republican vice-presidential candidate. Thus the klan is left as an organization without a party, which is rather an awkward position for any group that has energetic ideas about running the country.

THE CASE FOR DEFENSE DAY

(From the American Legion Weekly)

It scarcely would have been possible for the friends of a sensible policy of national defense to have hit upon a more effective scheme for advertising the forthcoming defense test than that which has been launched by the critics of that project. The defense test, which will be held throughout the country on September 12th, has obtained a volume of public notice which under ordinary circumstances would have been unlikely, if not impossible.

Millions who might never have known of these interesting local demonstrations will now turn out to see the one closest to their homes. Their curiosity is aroused. They have had the matter called to their attention in such a way as to form a definite impression. The prevailing character of this impression is reflected by the fact that popular enthusiasm for the test has surpassed the brightest hopes of those who originally were promoting its success. An incomplete canvass discloses 27 national organizations, with a combined membership running into the millions, which have endorsed the defense test.

The opposition, whose challenge these 27 bodies have accepted, has taken a position which admits of ready analysis. Some aspects of that position are transparently political. But partisanship is not what it once was. The conviction is growing that the question of national defense should be removed from the domain of politics, where it has lingered far too long.

Some opponents of the defense test have fallen back on the threadbare scheme of setting up straw men and then knocking them down. To find pegs to hang criticism on they have said things which are not so, and imputed objects and motives to the test which have no more to do with it than the man in the moon.

For example: The test has been denounced because "America wants no general mobilization for war in peacetime." If there is one thing the war department has tried to make clear, it is that this defense test is not a mobilization, but a public demonstration of mobilization plans. Certainly no one objects to our having mobilization plans—at least no one outside of the ranks of our advanced thinking friends who would abolish the army, navy and marine corps, disband the national guard and scrap every battleship, fort, airplane and gun. Having such plans—as all nations have—how can we demonstrate our peaceful intentions more plainly than by exhibiting these plans in the open to all of our citizens or to anyone else who cares to look on?

The test has been assailed as making a general holiday for a militaristic purpose. Since the purpose is hardly militaristic, this demurrer is reduced to one against a holiday. On these grounds it is said that many people will quit work and that this will be an economic loss. Really, now, isn't it so thin that it sort of comes through in spots? No one is forced to leave his work on September 12th, and it is difficult to fancy that anyone will do so to the prejudice of his interests or those of his family. Millions of people at-

tend baseball games and other sports and amusements every day. They leave their work to do it. Think of the economic loss! If we give up the defense test on these grounds, apparently the next step will be to close the ball parks and movie theaters and go back to the glorious old 10-hour day.

The political agitation against Defense Day is not confined to one party. While the foregoing objections have emanated from spokesmen of one political camp, the governor of Wisconsin, who holds forth in another camp, also has come out against the test. He will issue no proclamation and will not direct the national guard to participate in the events of the day. The adjutant general of the Wisconsin guard has set forth his chief's views in a letter to the army authorities. He recapitulates Wisconsin's distinguished military record—so many thousand men sent into the armies of the Civil War, so many sent to fight Spain, and so many to the World War armies, where they added to the honor of their state in the hardest of battles. The adjutant general speaks in the convincing terms of a man who knows what fighting is. "Wisconsin," he declares, "needs no patriotic lesson."

Now it would be interesting to know how many Wisconsin men fell in all these wars; how many died of disease and of wounds; how many came home broken mentally and physically, day by weary day, to live lives which were a burden to themselves and to society. It would be interesting to know the cost of this in dollars; the fortunes lost, the careers blighted, the profits forfeited, the taxes levied and to be levied to pay for it all. With these facts at hand one might more accurately gauge Wisconsin's tribute to the scourge of war.

Furthermore, with these facts and figures before us, it would be informing to turn to the defense test which the governor of Wisconsin repudiates, and inquire the real purpose of this test. This purpose is to make war less likely in all events, but, if it must come, to make it less expensive in men, in money and in human suffering. By the plans which the war department is going to demonstrate on Defense Day, armies can be put in the field more quickly, less expensively and better prepared to defend themselves than heretofore. It is a plan to save lives, to save money and to curtail misery. The defense test is not a lesson in patriotism and does not pretend to be. No such lesson is needed by any state. It is a lesson in common sense, in humanity, in self-preservation and in economics. And this lesson is needed.

ATHERTON RESIDENT IS TAKEN BY DEATH

MENLO PARK, Sept. 4.—William F. Roberts, for many years a merchant and dairy authority of San Francisco, died Sunday at his summer home in Atherton. His death occurred only a few days after his return from England, where he had gone for surgical treatment.

He was a native of England and prominent as a layman of the Episcopal church. Funeral services were held Wednesday morning at 10:30 o'clock from the San Francisco residence of the deceased, followed by interment at Cypress Lawn. Surviving Mr. Roberts are his wife, Mary E. Roberts, and the following children: William F. Jr., Blanche A., Percy E., Raymond J., and Mrs. David Wisnom.

HUNDRED CHILDREN ENTER GRADE SCHOOLS

Approximately 100 new children entered South San Francisco primary schools when they opened for the new term on Tuesday morning, according to A. C. Kleemeyer, principal. The unusually high registration sets a new record for South San Francisco schools. In 1923 60 new pupils enrolled.

The 100 new pupils include 80 children in the grades from one to six in the Martin and Grand Avenue schools and 20 children in the kindergarten.

Cento fanciulli si registrarono per le scuole elementari, Martedì mattina, secondo un'intervista con A. C. Kleemeyer (capo delle scuole) cento fanciulli si sono registrati nelle scuole elementari. Questo numero di registrazione denota un "record" per South San Francisco, l'anno scorso (1923) avendo avuto un arruolamento di solo sessanta fanciulli. Essendo una buona parte di questi fanciulli, italiani, i genitori dovrebbero interessarsi molto nelle cose civili della nostra città, a procurarsi di divenire, cittadini, per meglio poter far valere i suoi diritti.

B. Marcello unito alla sua famiglia ha passato le feste in Calistoga.

I coniugi Grestini uniti con la loro figlia Vera, passarono Domenica al Cliff House.

B. J. Rodondi sta contemplando per una gita di caccia.

I coniugi Bollazzi unitamente alla loro figlia, passarono Domenica e Lunedì in San Jose visitando degli amici.

Le signorine Katie Gaddini, Genevieve Schmidt e Mary Dmytryk hanno passato una deliziosa serata al Teatro Granada Domenica scorsa.

Una gara al gioco di palla fra le due sezioni di questa città conosciute come "French Town" ed "Irish Town" ed è stato vinto da French Town i quali fecero 18 punti, mentre Irish Town ne fecero solo 3.

Le squadre erano arrangiate al seguente modo:

French Town	Irish Town
Bana	Catcher
Butler	Pitcher
Bartoli	1st Base
Gibbs	2nd Base
Welte	3rd Base
Signorelli	Shortstop
Fambrini	Right Field
Welte	Left Field
Fisher	Left Field

Tutti gli italiani dovrebbero prendere più interesse in questo gioco nazionale, e un divertimento che non si può spiegare quando si sa tutti gli angoli del gioco, che naturalmente bisogna praticarlo per imparare.

COLUMBUS DAY PLANS

Plans for San Francisco's observance of the 432nd anniversary of the discovery of America by Christopher Columbus are now under way as a result of the appointment of committees of civic and church leaders to arrange a big program for the event.

According to James A. Bacigalupi, president of the Italian Catholic Union, there will be literary exercises and a grand ball the night of October 19 in Scottish Rite auditorium; the coronation of Queen Isabella during the ball; a parade Sunday, October 12 from the Civic Center to Washington Square, followed by an open air mass and dedication of the towers of the new Sts. Peter and Paul church, and the "landing of Columbus" in the afternoon at the foot of Van Ness avenue.

MOOSE TO PLAY WHIST

Members of the local Loyal Order of Moose lodge are laying plans to stage their annual whist party in Fraternal Hall on Tuesday, September 16. Refreshments are to be served at the conclusion of the evening.

REAL ESTATE TRANSACTIONS

Instruments filed in the office of the recorder of San Mateo county during the past week show the following real estate transactions in this territory.

Lew Leopold and wife to Maurice Yaffe and wife, lot 9, block 24, San Bruno Park.

South San Francisco Land and Improvement Company to Simone Gribaudo, northerly 40 feet of lots 14 and 15, block 126½, South San Francisco.

Irving I. Wildberg et al to Wildberg Bros. Smelting and Refining Company, 5.527 acres, South San Francisco.

Ambrose B. McSweeney to William R. Lynch and wife, lots 11 and 12, block 57, Dumbarton Oaks.

Meletina Larson to Louis Alfano and wife, lot 34, block 101, South San Francisco.

Lillian Mable Lieniz Kingston and husband to Laura M. Hawkins, lot 46 and south 12½ feet of lot 47, block C, San Bruno Park.

Christina Hoffman to Henry F. Hoffman, lots 15 and 48, block 12, San Bruno Park.

B. Marcello and family spent the holidays at Calistoga.

Mr. and Mrs. J. Grestini and daughter, Vera, spent Sunday at the Cliff House.

B. J. Rodondi is planning on a hunting trip.

Mr. and Mrs. Charles Bollazzi and family spent Sunday and Monday visiting in San Jose.

The Misses Katie Gaddini, Genevieve Schmidt and Mary Dmytryk attended the Granada Theater Sunday.

FRENCHTOWN BEATS IRISH TOWN, 18 TO 3

Frenchtown defeated Irish town in the ninth annual baseball game between the two sections of the city which was played Sunday morning on the high school grounds. The score was 18 to 3, according to informants furnished by the Frenchtown players.

The lineups were: Irish town: Monize, catcher; J. Gray, shortstop and pitcher; E. Bonalanza, third base; E. Costa, first base; Elmer Costa, second base; Eserini, left field; Dick Bollier, pitcher and shortstop; Kelly, center field; Briganti, right field. French town: Raffaelli, center field; Signorelli, shortstop; Gibbs, second base; Bana, catcher; Fambrini, right field; C. Welte, third base; Bortoli, first base; J. Welte, first base; Butler, pitcher; Fisher, left field.

BELMONT

BELMONT, Sept. 3.—Mr. and Mrs. Arthur Cooley and family, who have resided in Belmont for the summer months at the Berg home on Ralston avenue, have moved back to their home in San Francisco.

Mrs. Charles Rich and Miss Dorothy Rich spent Saturday in San Francisco.

A party consisting of Mrs. L. C. Vannier, Misses Doris and Florence Vannier, Miss Helen Thompson of Redwood City, Messrs. Leonard and Irwin Hansen, Mrs. O. A. Oakes, Miss Anita Burton, Norman Burton, and Ray Matlock of San Francisco spent the weekend and holiday at King's Mountain.

Mrs. L. A. Barrett returned home Saturday after an absence of several weeks in Santa Cruz. Mrs. McMahon has been spending the past week in Santa Cruz Melbourne recently, it was necessary with her daughter, Miss Helena to cut it in two and move the sections separately.

Sabato sera verso le 6 p. m. due Messicani derubarono il California Pool Hall, locale di Ernesto Galli, 31 \$29.26. I ladri furono catturati poco dopo il furto dal valente capo di polizia Louis Belloni.

Jesus Balders e Giulio Villa furono trovate colpevoli del reato davanti al Giudice Cunningham, e furono condannati a passare sei mesi nelle carceri conteali.

I ladri entrando nel locale e non trovando nessuno di dietro al banco, so approfittarono dell'occasione portando via un sacchetto contenente la sopra detta somma di \$29.26.

Un altro Messicano che stava presente informo il proprietario che subito informo il Belloni, e poco dopo vennero presi all'angolo delle strade Linden e San Bruno Avenue, essendo in viaggio verso San Mateo.

MEXICAN THUGS JAILED

Two Mexicans who robbed the California Pool Hall, of which Ernesto Galli is proprietor, of \$29.26 Saturday evening about 6 o'clock, were rounded up shortly afterwards through quick action on the part of City Marshal Louis Belloni. The men, Jesus Balders and Julio Villa, were found guilty before City Recorder Cunningham on Tuesday morning and sentenced to spend six months in the county jail.

They entered the pool hall, found the proprietor was not behind his counter, walked around and picked up a sack containing the money. A third Mexican, sitting in the rear, noticed the act and told the proprietor, who immediately got into touch with Belloni. The men were found at San Bruno and Linden avenues on their way out of town.

PASTOR SEES YELLOW PERIL

SAN JOSE, Sept. 3.—Annihilation of the white race is threatened if the yellow race continues to advance for the next 50 years as it has in the past and if the white race continues to breed hatred of the yellow race and to antagonize it, the Rev. Frank Linder, pastor of the First Methodist Church, said yesterday at the weekly luncheon meeting of the National Progress Club at the San Jose Commercial Club.

The Rev. Linder declared that the supremacy of the yellow race will come if Defense Day tests are held in the future as now planned. "However," the speaker added, "the Defense Day test scheduled for September 12 will not amount to anything."

In order to move a house in the future as now planned, the sections separately.

Accidents happen despite safety precautions

It is not pleasant to think of industrial accidents. They happen when they are least expected and when a person is the least prepared for them.

When they happen, you are placed in the care of strangers. It is then you want some of your relatives near you—your wife, your children, or your parents.

If you live near your work they can come to you immediately and take you to your own home, where you will receive the tender care and attention only loving ones can give you.

But, if your residence is two or three hours away by train or automobile, many things can happen before the loved ones reach your side

Manufacturers' Association of South San Francisco

SPEED IS NOT ONLY CAUSE OF AUTO ACCIDENTS

It's All a Matter of Geography and Time, Says Authority

Caution cannot be measured by the speedometer. This is the cryptic warning given to motorists by Percy E. Towne, chairman of the public safety department of the California State Automobile Association. Excessive speed is not the only cause of motor accidents, Towne says, and quotes the Chicago Motor Club to the effect that in that city, where speed limits have been materially reduced by recent local ordinances, accidents still continue almost without reduction.

"Drive always in such a manner as not to endanger the life, limb or property of any person"—that provision of the California vehicle act should be made the Golden Rule of every motorist, the automobile association director suggests. Drivers must learn, he says, that speed is a matter of geography and time. A speed of 20 miles an hour may be perfectly safe at certain times, but in heavy traffic, at night, in the fog, or on slippery streets, may be reckless and dangerous.

"Accidents will never be greatly reduced until our pedestrian population learns to walk the streets carefully," Towne asserts. "The younger generation is learning that the streets of today are exceedingly hazardous. This lesson comes hard to the adult who has spent a good portion of his life in the horse and buggy age, but it is a lesson that must be learned before accidents can be reduced to the minimum. Pedestrians, as well as motorists, must be constantly on guard against carelessness."

REDWOOD HIGHWAY GOOD THROUGHOUT

The Redwood highway from Sausalito to Eureka can be considered in very good condition throughout according to the California State Automobile association. North of Eureka, due to the fact that some of the road is still unfinished and maintenance work is under way, road conditions are not so good. However, motorists wishing to visit Crick or points north, will find that fairly good time can be made and fishing and camping opportunities along the Klamath river and other streams north of Eureka are unusually attractive, the association advises.

Paved to Santa Rosa
Leaving Sausalito there is paving to San Rafael, Petaluma, Santa Rosa and Cloverdale. Then follows very fair gravel road to Hopland and El Robles. From this point there is paving to Calpell and Willits, except for two very good stretches of gravel road. The paving continues for three miles north of Willits, thence there is good gravel road to Cummings. From Cummings north there are doing some repair work, widening and regrading the road, and with two steam shovels at work with quite a number of trucks it is necessary to drive carefully in passing this work. Graded mountain road continues from this point to Garberville, Dyererville and Scotia. There is paving from Scotia to Eureka except for a very short stretch of gravel road and also a short detour where a new bridge is being put in across the Van Duzen River.

New Road Open
Good macadam road from Eureka to Arcata is followed by a very fair road to Trinidad, and from Trinidad to Big Lagoon the new road is now open and in good condition. The completion of this road gives a stretch of 31 miles of highway from Eureka to Big Lagoon.

Hotel accommodations along the Redwood Highway are of the best and those equipped to camp will find many splendid camp sites in the Redwoods or along the numerous fishing streams.

MAXWELL KEEPS COOL IN TEST

An interesting experiment with a Maxwell car was conducted last week by a Maxwell and Chrysler distributor. A stock model Maxwell touring car was drained of all oil and instead of the normal running level, just two quarts of lubricant were poured back into the engine. The fan belt was then removed and with the fan entirely inoperative the car was dispatched on a 170-mile trip, to prove the lubrication and cooling efficiency of the Maxwell.

That no attempt was made to "nurse" or favor the car is borne out in the figures which show an average speed of about 20 miles an hour from San Francisco down through San Jose and up the east side of the bay to Oakland. Without motor stop the car was driven out through the Dublin canyon to Danville and there the car carrying two passengers was started up the long ascent of Mount Diablo. This climb, which is well known to bay district motorists, is a real test for any car. The road up the famous Devil mountain ascends almost 4,000 feet in a distance of 12 miles, and has been a testing ground for motors since the first days of motor production.

Up this tortuous ascent went the Maxwell with its meager supply of oil. On draining the crankcase it was found that just one pint of oil had been consumed. In other words, the car had finished the run and was functioning perfectly on only three pints of oil.

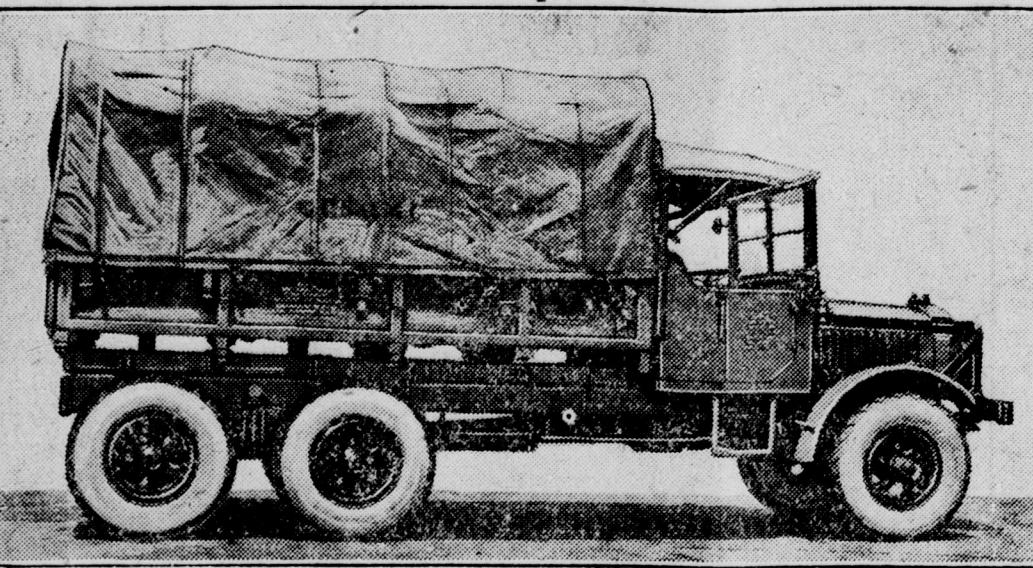

"This demonstration was made," said the dealer, "to prove the efficiency of the cooling system and demonstrate the value of a full force-feed lubricating system. The Maxwell uses the aircraft type of lubrication which makes it possible for the oil pump to pick up the last bit of oil and circulate it through the dried crankshaft to all bearings. We have made tests with only one quart of oil in the crankcase, which show this to be true. In running the car without a fan belt we proved out the cooling system of the car, which functioned perfectly without the fan belt, showing that the fan belt is not necessary. We have made tests with only one quart of oil in the crankcase, which show this to be true. In running the car without a fan belt we proved out the cooling system of the car, which functioned perfectly without the fan belt, showing that the fan belt is not necessary."

BIG BASIN HAS ATTRACTIONS ON WEEK ENDS

Motorists making late vacation or weekend trips should not overlook opportunities afforded by the California Redwood Park or Big Basin, in Santa Cruz county, says George S. Grant, manager of the touring bureau of the California State Automobile association. This reached by excellent paved road south from San Francisco via the 21 Camino Real to San Mateo, Redwood City and Sunnyvale; or over the Skyline boulevard to Crystal Springs lake and thence across to Belmont, where the main highway is joined. There is paving from Sunnyvale to Saratoga from Saratoga to Congress Springs and thence into the basin the road is graded and in very good condition, except for dust.

From the basin to Boulder creek very fair dirt roads prevail, and from this point there is paving to Santa Cruz big trees and Santa Cruz, from which city the return can be made over the beautiful Santa Cruz-Los Gatos highway to Saratoga and Sunnyvale. Good hotel accommodations are available at California Redwood Park Inn, also at Boulder Creek, Brookdale and Ben Lomond. Also camping opportunities in the Big Basin and Redwood Park are excellent. The round trip can be made nicely over the week-end, or motorists with more time at their disposal can spend from one to two weeks in this vicinity, making their headquarters in the Big Basin and taking side trips to Santa Cruz and to the many points of attraction along Monterey Bay.

Marines Have Six-wheel Truck

BALTIMORE, Md., Sept. 4.—One of the interesting aspects of the maneuvers of the brigade of Marines from the Quantico base, which are to be concluded with the re-fighting of the battle of Antietam next month, will be the tests to which the Marine Corps is putting a new army six-wheel truck, which drives and brakes on four rear wheels in tandem axle assembly.

Developed by the engineering section of the motor transportation division of the United States Army at Camp Hubbard, in experiments and tests extending over a year, the Marine Corps now proposes to further demonstrate the results obtained in the army tests of the truck.

Stops Quickly

Automotive engineers of the army who have conducted the six-wheel research and experiment work assert that the new vehicle can be stopped in one-half the distance of the four-wheel vehicles in use by the quartermaster corps; that it is capable of carrying greater loads at a higher rate of speed and with a road impact only 25 per cent of that of a four wheel solid truck of similar capacity and weight. Greater speed and braking capacity of the six-wheeler, say the army authorities, would, in actual practice at least, double the capacity of highways when using a train of vehicles of this type, as compared with a train of four-wheelers in general army use.

More than 2000 Marines will take part in the maneuvers, and a large truck train will be required to transport the mass of impedimenta. In this train will be the six-wheeler.

The six-wheeler is capable of speeds as high as 45 miles an hour and the manner in which load and road impact are distributed over the six wheels results in corresponding increase in comfort and reduction in wear and tear on the vehicle. The pressure which the truck exerts upon the roads is less than one-third that of similar four-wheel solid tired vehicles. Tire mileage obtained from the 38x9-inch pneumatic tires with which the truck is equipped is highly satisfactory, the army officials say.

Animals Have Some Rights On Highways

While this is recognized as the "automobile age," and most of the rules and regulations on highway traffic apply to motor driven vehicles, nevertheless the rights of animals on the highways are not overlooked, even in the California vehicle act, says George E. Sanford, general attorney of the California State Automobile Association.

Motor tourists and all drivers of motor vehicles in those sections of the state where cattle and other animals must be driven upon the public highway in transporting them from place to place should thoroughly understand and observe the provisions of the law in this respect, Sanford says.

"Section 140 of the vehicle act very definitely provides the procedure that must be observed by motorists in meeting or passing horses or cattle upon the public highway," says the association's chief attorney. "It provides that every driver of a motor vehicle approaching a horse, or horses, being driven or ridden, or any live stock which is being driven upon the highway, shall operate and control such vehicle in such a manner as to exercise every reasonable precaution to safeguard such animals, and to insure the safety of any person riding or driving the same. If the animals appear frightened, the driver of the vehicle shall reduce speed, and, if requested by signal or otherwise by the person in charge of such animals, shall stop until the animals are under control, unless it is necessary to move to avoid accident or injury."

While providing thus for the protection of animals, the law further specifies that the "rules of the road" must be observed by animals ridden or driven, as to the care to be exercised in driving, keeping to the right side of the highway, passing to the right, giving way to faster moving vehicles and signaling in turning, stopping or changing course.

TO LAY CORNERSTONE OF CATHOLIC WOMEN'S BUILDING OCTOBER 9

Special Dispatch)
SAN JOSE, Sept. 4.—October 9 has been set as the date for the laying of the cornerstone for the new Catholic Women's Center Building by the executive committee of the organization. Archbishop Edward J. Hanna will officiate at the exercises. The archbishop is now in Europe, but he will arrive home in time for the ceremony.

The new building will be erected at a cost of \$100,000. It will be located at the corner of Fifth and San Fernando streets. The building will be one of the finest concrete structures in the city.

Following the cornerstone exerting of the corner at a dinner to be held at the Vendome Hotel at 4 p. m., the archbishop will be the which 250 guests will be present.

All minors between the ages of 16 and 18 who are not in regular school will report for part time at 4:30 on Thursday, September 4th. They will register in room 11 at the high school building. Parents and employers are jointly responsible for the attendance of minors and should permit them to come promptly. After Wednesday, September 10th, no employer should have working for him a minor who fails to produce a permit. ROBERT E. REDD, Part Time Director.

OVER 600,000 BOY SCOUTS IN U. S. ORGANIZATION IS LARGEST IN THE WORLD TROOPS ARE LOCATED IN 9,000 CITIES

When you see a South San Francisco Boy Scout, you see a member of the largest organization of boys in all the world, for there are over 600,000 scouts and scoutmasters in America alone.

What are the Boy Scouts? There is none better qualified to answer this question than Chief Scout Executive James E. West of New York. His own life story is an heroic fight against adversity—fighting his way up from an orphanage to the high position he holds today. In an article in the magazine Success he tells how Boy Scouts came into existence and what they are doing to build up the greatest of national assets—the youth of the nation.

"We are passing the 600,000 mark," he said. "There are 2,700 fully organized and equipped, standardized Boy Scout camps now in America, capable of accommodating a quarter of a million boys at one time. In addition, there are thousands of small single-troop camp sites. Kanab, Utah, the Boy Scout camp at Bear Mountain Park, is the largest boys' camp in the world. Last summer 18,500 boys and men spent two weeks or more there."

Millions of Badges
"We have now in the United States 29,437 Boy Scout troops, located in 9,000 cities and towns. More than four million scout badges have been issued and scouts have received 700,000 merit awards, in subjects covering 70 different vocations, trades, arts and crafts. Eagle Scout is the highest grade a boy can reach, and we have 7,500 Eagle Scouts, who have qualified in at least 21 of these. As scoutmasters, troop committee members of local councils, over 142,000 men are giving their time and their best energies to the service of the boys."

Every scout is expected to do a daily good turn—and each troop is expected to do a community good turn whenever possible, while all scouts rally round whenever there is special emergency or the opportunity for a civic service good turn.

Knot-tying, campcraft, nature lore, life saving, first aid, fire-building, outdoor cooking, map making—these are some of the matters in which the Boy Scout is proficient.

Heroism Rewarded
Thirty-four gold medals have been awarded to Boy Scouts who

RELIEVES STRAIN ON EYES
The most effective protection against strong sunlight and glaring lights is a shield of opaque or translucent material placed in the left-hand corner of the windshield, behind which the blinded driver may hide his eyes.

Householders of Belgium laid in such generous supplies of coal during the summer that the demand caused the price per ton to advance from \$1 to \$2.

TRAFFIC COPS' SALARY TANGLE IS UNRAVELED

SACRAMENTO, Sept. 4.—The dilemma facing the division of motor vehicles over the salaries of traffic officers of the state for the next six months has been successfully solved, and it is hoped that the supervisors act promptly the work of the officers will continue without interruption.

This announcement was made today by Will H. Marsh, chief of the division, who said he succeeded in perfecting an agreement with the other state officers interested that will permit the supervisors of the various counties to turn back sufficient money from their apportionment of motor vehicle fees to make up the deficit in the salaries of the officers.

The situation arose out of the fact that the bulk of registration fees is collected during the first six months of the year and the law prohibits payment of the officers out of such funds for the succeeding six months. As registrations are necessarily light in many counties during the last six months, it was feared that the funds would be insufficient to meet the salaries of the officers in a number of counties.

Marsh has advised the supervisors of 31 counties of the amounts necessary for them to return to the state treasury to insure payment of the officers. "Thanks to the reasonable attitude the other officers took on the matter we have eliminated the danger of having to discharge about one-third of our men and will be able to keep them on the job of enforcing the law," Marsh said.

ARMY MEN WANT TO DRIVE CHRYSLERS

A fact exceptionally gratifying to officials of the Chrysler Motor Corporation is the large number of army, navy, marine corps and aviation engineering experts who have bought Chrysler sixes for their personal use.

"This," says Edward Nolan local dealer, "would seem to indicate that these men have the highest regard for the type of engineering that has been built into the car."

Included in the list of Chrysler owners are Rear-Admiral John Keeler Robison, engineer in chief of the United States navy; Col. C. A. Babcock, U. S. A.; Major L. H. Drennan, United States air service; Lieut. M. S. Fairchild, United States air service; Capt. L. J. Farrell, U. S. A.; Lieut.-Com. W. H. Stiles, U. S. N.; Capt. M. C. Gregory, U. S. M. C.; Lieut. J. D. Colmery, U. S. M. C.; Lieut. J. Piotrowski, U. S. A.; Lyman H. Ford, of the naval aviation, Lakehurst, N. J., and Lieut.-Com. T. Blackburn, U. S. N., Philadelphia navy yard.

Major Frederick H. Martin, in charge of the round-the-world expedition of the army air forces until his mishap in Alaska, called attention to the fact that air service men are particularly interested in the Chrysler, owing to its new type engineering. Lieut. Lowell H. Smith, acting chief of the round-the-world fliers, has ordered a Chrysler Six for delivery after the completion of the flight.

Chlorine gas used in treatment of colds has one one-hundredth the strength of that which is considered dangerous.

Have you considered the enclosed car?

It is ideal for all weather driving on this peninsula.

Maxwell is building two enclosed models that are enjoying a steady growth in popularity. The name Maxwell alone means the best in the world of four cylinder cars.

If there are four or more in your family the Maxwell Club Sedan is recommended to your attention. If there are two or three the Club Coupe will fill the bill.

Either model embodies the qualities you are seeking in an enclosed car.

RACER IS INJURED
IN S. J. SPEED
CLASSIC

Adolph Gusti's Car Runs
Into Bank; De Palma
Has Big Day

(Special Dispatch)
SAN JOSE, Sept. 4.—Adolph Gusti, popular local automobile racing driver, is today in the San Jose Hospital suffering from serious injuries sustained Labor Day in the race program presented at the Santa Clara county fair grounds before 15,000 persons. Gusti was hurt in the last race of the day when he passed Eddie Hearne in the thirty-second lap. As he passed the other driver something went wrong with his car and he plunged into the bank. The car overturned, pinning the driver beneath it.

Gusti was taken to the San Jose Hospital, where he was found to be suffering from a fractured shoulder, a fractured hip and burns on the back of the foot. It was stated that his condition was satisfactory.

Ralph De Palma had things all his own way today in the six events of the day. He took \$1,175 in prizes during the day as well as the trophy of the Western Racing Association for winning the race against time. He shattered the track record by negotiating a lap in 28.3 seconds.

De Palma captured the four-lap race as well as the 20-lap preliminary and 35-lap final event of the day. In all of these contests he took the lead at the start and never was headed. Eddie Hearne, another star driver, was second to De Palma in the four and 20-lap races. He took third in the final, coming in behind "Babe" Stapp. The crowd was treated to several thrills during the afternoon. In the consolation race won by Stapp, J. H. Smith, one of the drivers, skidded near the grandstand and whirled around several times. He escaped unhurt, although his machine was wrecked. At the end of the third race Stapp went through the fence. He also escaped unhurt.

CITY MANAGER TO
PROBE LIBRARY
CONTROVERSY

Official at San Jose May
Await Trustees' Action,
However

(Special Dispatch)
SAN JOSE, Sept. 4.—An investigation of the row between James Fellom, president of the board of trustees of the San Jose public library, and Mrs. Edith Daley, librarian, who was suspended last week by Fellom, is being made by City Manager Clarence B. Goodwin. Although he is investigating the affair, Goodwin intimated that he will take no hand in the controversy and that the matter will have to be thrashed out by the board of trustees at a meeting to be held September 17.

Interviews were had by the city manager with both Fellom and Mrs. Daley and with Henry Hill, another member of the board. He also plans to discuss the affair with the balance of the board. Mrs. Daley's suspension followed charges by Fellom that she had campaigned for Supervisors A. L. Hubbard before the recent election. Mrs. Daley denied the charges. Fellom told her he was suspending her "for cause." In a notice of the suspension sent to other members of the board he declared that it was "for insubordination and conduct unbecoming a librarian."

STMRs. YALE AND
HARVARD CARRY
RADIO COMPASS

Experts from the Federal Telegraph Company's plant in Palo Alto have completed the installation of a Kolster radio compass on the Pacific Mail liner President Pierce.

The President Pierce sailed yesterday for Honolulu and the Orient under the command of Captain G. T. January. The popular steamships Yale and Harvard, carrying a regular passenger schedule between Los Angeles and San Francisco, have also been equipped with Kolster compasses. The installation on board the Harvard is complete, and two experts from the Federal company are now finishing their work on the Yale.

Officials of the Los Angeles Steamship Company, which operates the Yale and Harvard, are said to believe that the Kolster radio compass will practically eliminate the danger of collision in fogs.

Admiral Line ships are also equipped with the Kolster compass. Some months ago one of the instruments was set up on the Leviathan on the Atlantic Coast.

The Federal Company is now turning out in considerable quantities the Kolster loop for broadcast reception. This loop serves as an indoor aerial.

'CASEYS' KEEPING
THEIR PLEDGE TO
VETERANS

K. of C. House Center of
Much Activity at U. S.
Hospital

In service since 1917, the Knights of Columbus building at U. S. Veterans' Hospital, No. 24 has been the center of much of the activities of work and recreation carried on for the benefit of disabled soldiers since the days of the World War.

Secretaries A. F. Ward and P. Flannigan are known by every patient at the institution. Each morning one of the officials makes the rounds, visiting bedridden patients and distributing articles for personal use, such as razor blades, tooth paste or shaving cream, all free of charge. They also draw and deposit money in Palo Alto banks for the disabled veterans and make purchases and do errands for them.

In addition to these things, the "Caseys" carry on sporting activities. Once a month field meets are held for mental patients. On Labor Day a successful field meet took place, in which many patients had parts. Two moving picture shows a week are given in the Knights of Columbus building. The first show comes at 6 o'clock for mental patients and the second at 7:15 for tuberculosis patients and others. The shows are among the latest and best released. Next Sunday night The Covered Wagon will be screened again at the hospital. Monsieur Beaucare is another show which will be given soon.

Baseball games are played each Sunday on the hospital grounds. Patients and employees participate in these events.

"Everybody welcome" was the K. of C. slogan that was literally effective in '17 and '18. No lines of color, creed or race were drawn in those stirring days of America's supreme test; in the days of peace the same principles obtain.

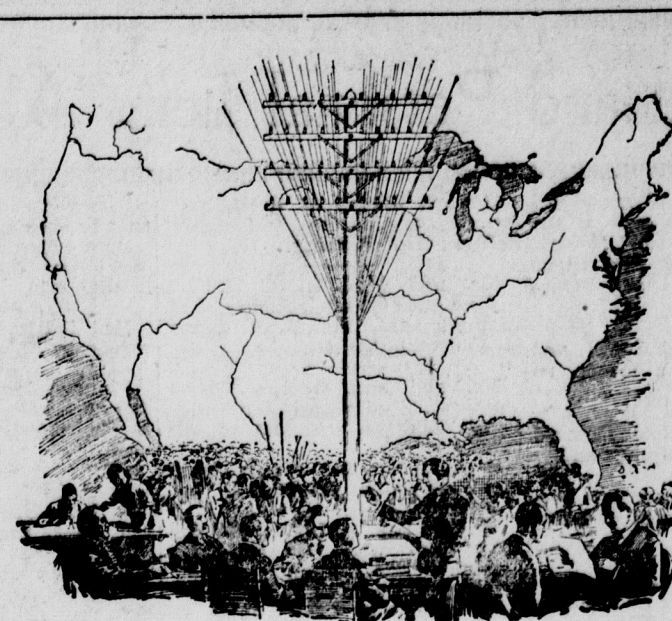

says an editorial in the Disabled American Veterans' Weekly. "Regardless of whether he be a Catholic, Protestant or Jew, no real man can contend that the Knights of Columbus have not kept their pledge to the soldier and the veteran."

Engineering for Service

WITH the twang of a clockspring, carried over a short stretch of wire one June day in 1875, came a discovery that was to be of incalculable value to mankind. On that day the telephone was born, and a new vocation came into being, the profession of telephone engineering.

Today, 49 years later, a host of men, successors of Bell and his single assistant, are applying their trained abilities to the complex problems of meeting the nation's demand for telephone service. They explore the

unknown and adapt the known in Science. They bring the thoroughness of specialists to the tasks of construction, operation, management. Their common objective is an improved service whereby man may substitute his voice for his physical presence in distant places.

Engineered and not haphazard effort has brought the triumphs that mark advances in the convenience of the telephone. Because of this effort there is a communion of communities without which America, as we know it, could not exist.

The Pacific Telephone and Telegraph Company
BELL SYSTEM

One Policy - One System - Universal Service

EVERY month you pay the rent to the owner you're really throwing away a part of your home that rightfully should be yours.

Your rent receipts are worthless. Why not use that same money and apply it on the purchase of a home for you and your loved ones?

We'll show you a plan whereby you need not pay us any more than you're doing today for rent—but in time that which you have paid will be exchanged for a deed to the home you want.

Social and Personal Items About South San Francisco People

A. J. Eschelbach will leave Friday for the southern part of the state on a business trip. He will visit in Los Angeles, San Diego and Santa Catalina island before returning.

Mr. and Mrs. Paul Lloyd and family motored to La Honda on Labor Day.

Sam and George Reid motored to Stockton over the week-end.

Miss Lottie Empena has returned from a two weeks vacation spent at Sequel.

Mrs. Sands and daughter, Gertrude, Mrs. H. Gardner and daughters, Ethel and Alice, were visiting Mr. and Mrs. Charles Sands, formerly of this city and now of San Francisco.

Miss Harriet Gardner returned from her vacation spent at Crockett, Sunday night.

Mr. and Mrs. Roderick Tibbitts, daughter, Rhoda and grandchildren, Onette, motored to Monterey over the holidays. Tibbitts pronounced fishing very good when he claimed the catch of a 19-inch mackerel. When leaving Monterey a small accident, caused by a broken rear axle on their Overland car, detained them. Miss Rhoda Tibbitts returned from Monterey by train, but Mrs. Roderick Tibbitts remained in Monterey.

Mr. and Mrs. Charles Bollazzi and family spent the week-end visiting in San Jose.

B. Marcello and family were at Calistoga during the holidays.

Mr. and Mrs. J. Grestini and daughter, Vera, visited at the Cliff House Sunday.

B. J. Rodondi is planning a hunting trip.

Mr. and Mrs. R. A. Riddell spent the week-end in San Francisco.

Harry Whitehouse and Ernest Richards, former chef of Ryan's Lunch, motored to Santa Cruz for the week-end.

Mr. and Mrs. E. C. Peck, Dr. and Mrs. F. S. Dolley and Mr. and Mrs. Lawton returned on Saturday evening from their trip through the northern part of the United States and Canada.

Mrs. John Zaro returned from the hospital in San Francisco on Friday.

Mrs. George Cushing of Point Richmond will entertain the members of her afternoon club at the Hotel Whitcomb, San Francisco, at 1 o'clock. The afternoon will be spent in playing cards.

Mr. and Mrs. A. J. Lundberg and son, George, and Althea Spangler, motored down the Peninsula on Monday.

Mrs. Mary Clifford, who has been ill the past week, is much improved.

Mr. and Mrs. R. C. Stickle spent the week-end at Colfax with her son, Cecil.

H. A. Bewley spent Sunday in Napa.

Mr. and Mrs. T. L. Hickey motored to Saratoga over the week-end.

Mr. and Mrs. J. O. Snyder had as their guest for dinner on Monday, Mr. and Mrs. S. E. Busser of Los Angeles and Charles Phillips of Port Madison, Iowa.

Charles Hein of Pittsburg, formerly of this city, spent the week-end in San Francisco and this city.

Mr. and Mrs. F. A. Knock and family returned to their home on Monday after spending several days at Los Banos.

Miss Alice Luty and brother, Albert, returned from Los Angeles on Monday, after two weeks vacation.

Howard Aikens of Reno, Nev., formerly of this city, visited Neil Sullivan last Monday.

Mr. and Mrs. H. T. Lintott had as their guest, recently, Mrs. Lintott's aunt, Mrs. N. H. Maxey of Caldwell, Idaho.

Mr. and Mrs. George Thayer and son, Buddy, will move to Peck's Lots on the 10th of this month.

Paul Blank and family spent the week-end at La Honda.

Mr. and Mrs. A. J. Nussell spent Labor Day with Mr. and Mrs. Eugene Cole of Vallejo.

Mr. and Mrs. Fred Lautze attended a whist party on Tuesday evening in San Francisco given by St. Joseph Society.

Mr. and Mrs. A. Muttli spent the week-end at Concord with Mr. and Mrs. G. Crema.

Mrs. Wilbert Jones and son of Chicago were guests of Mr. and Mrs. Dave Ratto last Friday.

Gerald Dower spent his holidays with Mr. and Mrs. A. P. Scott and family motoring to Colusa and Maxwell.

Miss Alma Fambini of Commercial avenue, who has been ill the past week, is much improved.

Dr. and Mrs. T. C. Doak and family spent Sunday at Santa Cruz beach.

Robert Lee was in Napa with their guest for several days Mrs. H. G. Banks of Los Banos.

Dave Ratto killed a forked horn deer Monday while on a hunting trip.

Neil Sullivan is up after a severe case of tonsillitis.

Mr. and Mrs. Bud Kinnman of San Francisco were the guests of Mr. and Mrs. G. Bostrom last week.

Mrs. Annie Healey, widow of the late Senator Healey, who has been residing in Redwood City the past few years, was in South San Francisco Thursday, on business. Mrs. Healey and her two children left for Wisconsin on Friday to be gone until after Christmas.

Lewis E. Adams was in town on Thursday, August 28.

Mr. and Mrs. Lester Howard, Mr. and Mrs. Manuel Sequeira and J. S. Steel spent Saturday evening, Sunday and Monday camping at Searsville lake.

Mrs. J. Lynch and son, Austin, who have been visiting in the south for the past several weeks, returned to their home in this city on Tuesday.

Mr. and Mrs. I. M. Dotson, Mr. and Mrs. William Watts and family of Burlingame, Mr. and Mrs. James Beard and Mrs. Anna McLean motored to Memorial Park for the holidays.

Mr. and Mrs. F. A. Knock had their guest for several days Mrs. H. G. Banks of Los Banos.

Miss Nell Breen and William O'Rourke of Los Angeles have been visiting at the home of Mr. and Mrs. Ambrose McSweeney of Grand avenue.

Mrs. Alvin Hatch of Half Moon Bay was in this city on Tuesday.

Mr. and Mrs. Robert Bent of San Diego visited with Mr. and Mrs. George Holston over the week-end. Mrs. Bent is a cousin of Mrs. Holston.

Mr. and Mrs. James Beard of San Francisco and Mrs. Anna McLean visited relatives in this city Saturday night.

Wesley and Harlow Doston, William McIntyre and Pete Bono motored to Tomales Bay and Dillon Beach over the week-end.

Daniel Lawler of this city spent the week-end at Boulder.

Dr. and Mrs. J. C. McGovern and family returned on Monday evening from their summer home near Half Moon Bay.

Mrs. Harlow Dotson and daughter, June Marguerite, and Miss Hazel Anjou spent the holidays in Oakland with Mrs. Dotson's sister, Mrs. May Matthews.

Edgar Lewis entertained five gentlemen friends at a radio banquet on Tuesday evening at his home on Grand avenue.

Mrs. J. K. McLeod and daughter, Katherine, will arrive Friday from their five weeks' trip to Canada and other points of interest in Washington and Oregon.

Mr. and Mrs. Clem Lautze, Sr., and Mrs. Clem Lautze, Jr., of San Francisco, spent Sunday evening with Mr. and Mrs. Fred Lautze of this city.

Mr. and Mrs. Dave Ratto and family spent the week-end with Mrs. M. Ratto of San Francisco.

C. J. BETTIN DIES AT HOME IN METROPOLIS

C. J. Bettin, for a number of years a resident of Redwood City, passed away at his home in San Francisco Saturday following an illness of several weeks. He was 58 years old and is survived by his widow, Mrs. Louisa M. Bettin; two daughters, Alice and Louise Bettin, and one son, George T. Bettin, of Glendora, Calif. When in Redwood City Bettin was associated with the S. H. Frank Tanning Company. He was active in Congregational church and was a member of Bay View Lodge, I. O. O. F., and the Woodmen of the World. He was a native of Germany. Several years ago the deceased moved with his family to San Francisco, where Bettin accepted a position in the Lick-Wilmerding High School. Funeral services were held in San Francisco from the Mission Park Congregational Church, a large number of friends attending the services.

DISSOLVE PARTNERSHIP

Bourdien & Lauchere, for 12 years partners in the building business in this city, have dissolved their partnership, according to P. Lauchere. Bourdien has been in charge of the San Francisco office and will continue there while Lauchere will work in this city for himself.

Holland has a back to the farm movement.

egg yolk, 1 teaspoon butter, 1/2 teaspoon vanilla. Scald milk over hot water. Mix sugar, flour and chocolate until well blended; add to hot milk and cook, stirring constantly until somewhat thickened. Add beaten egg and butter and continue cooking until very thick. Cool, add vanilla and put between layers.

Chocolate Blanc Mange Two cups milk, 1/4 cup cornstarch, 1-3 cup sugar, 3 tablespoons ground chocolate or 1 square unsweetened chocolate, 1 teaspoon vanilla, 2 egg whites. Scald the milk over hot water. Mix sugar, chocolate and cornstarch; add to the hot milk. Stir constantly until thick, then cook fifteen minutes, stirring constantly. Beat egg whites until stiff and fold into the mixture, add vanilla and pour into a wet mold. Set aside to become perfectly cold and firm. Serve with a custard sauce.

Chocolate Walnut Torte One-half cup ground chocolate or 2 squares of unsweetened chocolate, 1/2 cup sugar, 1/2 cup cracker crumbs, 1/2 stick cinnamon, 1/2 cup chopped walnuts, 4 eggs (separated), 1/2 teaspoon baking powder, 1 teaspoon vanilla. Mix chocolate, cracker crumbs, cinnamon, walnuts and baking powder. Beat egg yolks until thick; add sugar, fold in the stiffly beaten egg whites, then carefully fold in the chocolate and crumb mixture. Bake in a moderate oven. A paper with a removable rim is the best. When cold spread with mocha icing.

At The CHURCHES

ALL SOULS' CATHOLIC CHURCH
Rev. James P. Moran, pastor.
Mass
Daily, 8 a. m.
Sundays, 7 and 9 a. m.
Holy Hour
